FOLLOW THE FLOW WHEN YOU ARRIVE

STEP 01
VEHICLE EVALUATION
Shovel and fire extinguisher checked

STEP 02
REGISTRATION
Photo ID and signed waiver

STEP 03
TRAIL SIGN-UP
First come, first served

Evaluation and registration are mandatory before sign-up. Trails fill first come, first served — your guides will match you to a trail based on your Jeep and your comfort level. Registration may open early to suit local conditions; there is no late registration Friday morning. Bring your signed waiver: link.jeepjam.com/waiver — and don't worry, there are extras at the event if needed.

SPECIAL REQUIREMENTS Tillamook State Forest requires a shovel, a 2.5 lb. or larger fire extinguisher and a displayed Oregon ATV permit. All are checked at vehicle evaluation.

THE TRAILS

RATED 01 EASIEST – 10 HARDEST

A MESSAGE FROM YOUR TILLAMOOK COORDINATORS

The Tillamook State Forest (TSF) offers some of the most fun and challenging Off-Highway Vehicle trails in the state of Oregon. Browns Camp, Jordan Creek, Diamond Mill, Lyda Camp, and the Trask areas of the Tillamook State Forest combine to provide more than 250 miles of off road adventure. These trails will take us through some of the most scenic areas of the coastal mountain range, with over 136 OHV multi-use trails. Nestled in the Coast Range, the Tillamook State Forest sits in the northwest corner of Oregon, between Portland and the coast. Whatever your interest, the Tillamook State Forest holds an abundance of opportunities for discovery, exploration, hiking, wheeling and learning.

Our trail guides are from Southwest Washington and Northwest Oregon. This is our backyard and we are proud to call it our playground. We are all looking forward to making this a fun and exciting Jamboree for you, your family and friends.

Join us for trees, cheese, and ocean breeze!

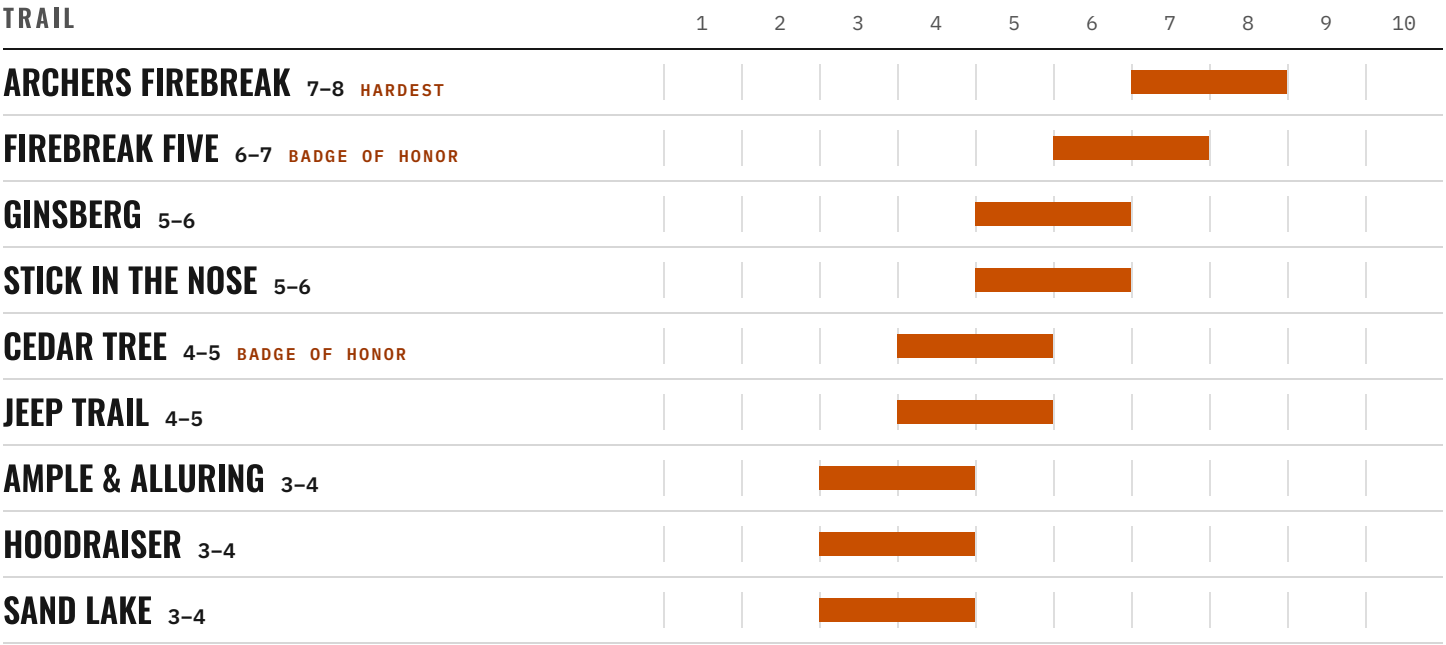
TRAIL DESCRIPTIONS

With OHV trail names like Truck Dent (a Jeep commercial was filmed here), Rocky Uphill, Firebreak Five, Stick in the Nose, and Cedar Tree (don't forget your camera - some of you will be able to drive under this one), we have OHV trails for everyone, all with varying difficulty levels. We even have a Sand Dune run on the Pacific Ocean at Sand Lake. For those of you who are trying to get your Badge of Honor Trails, the Tillamook State Forest (TSF) has two trails that you can check off your bucket list; Cedar Tree and Firebreak Five.

The TSF OHV trails offer varying levels of difficulty ranging between 3-8. Add a little water, and the traction/grip gets even tougher and translates to the true meaning of "Slick Rock". Then add "Slick Wood" and it can make getting up the trail very challenging. Have your tow/recovery strap and "screw pin bow shackles" ready - for the vehicle behind you of course!

There are gravel roads, rock filters, rock gardens, dirt, rocks, trees, boulders and mud holes. Oh did we mention there is also a stump crawling trail? These OHV trails are cut through the forest at varying difficulty levels for all to enjoy.

Driving to the OHV trails will require planned routes for us to take you to the TSF areas that we will be riding on. Once off the roadways, we travel through the forest via gravel roads. The routes to the "OHV Signature Trails" will include other OHV trails to use to and from. The OHV trails are anywhere from ¼ mile to just over 3 miles long. Each OHV trail segment has its own difficulty levels and is rated as such. Even though you are signing up for an OHV Signature Trail name, by the end of the day you may have traveled on 3 to 5 other OHV trails with similar difficulty rating.



BEFORE YOU GO

REQUIRED

Missing any of these means you are turned away at registration, without a refund.

- THIS EVENT A shovel at least 26" long with a blade at least 8" wide.
- THIS EVENT A fully charged, operational fire extinguisher, 2.5 lb. or larger.
- THIS EVENT A valid Oregon ATV permit, displayed (provided at vehicle evaluation if you don't have one).
- Tow points: frame-mounted tow hooks with grade 6 or 8 bolts, draw bars and receiver hitches, or aftermarket bumpers with a manufacturer-installed clevis or D-ring.
- A working GMRS-compatible radio. Guides call out upcoming obstacles, plus local history and wildlife.
- A full-size spare tire.
- Seat belts for all occupants, worn on the trail.
- Street legal, registered and insured, with a license plate.
- STRICTLY ENFORCED Tires no larger than 40". Suspension lift no more than 6". No exceptions.
- Roll bars on all open-topped vehicles, including CJs, Scramblers and Willys.
- A rated tree saver and soft shackle if you run a winch.
- No buggy-style Jeeps and no snowplow frames.

PACK LIST

Bring these with you — for registration, and for the trail.

- Signed waiver for every occupant; a parent or legal guardian signs for passengers under 18.
- Photo ID for the driver of record — the name must match the registration.
- Name badge, worn all weekend. It is your admission to trails and meals.
- Basic tool kit, first aid kit, tire gauge, rain jacket, clothing for all conditions.
- An ice chest of non-alcoholic drinks. Stay hydrated.
- Trail snacks and a chair or blanket for the lunch stop.
- Insect repellent, sun block, medications, hand sanitizer, flashlight, camera, binoculars.
- Toilet paper and zip-lock bags for tissue disposal.

Recommended: a tow strap with looped ends (metal hooks are not allowed), a fire extinguisher and first aid kit. Consider removing running boards and steps for higher-rated trails. Questions about your Jeep? Contact your Adventure Consultant before the event.

KNOW BEFORE YOU GO

- Registrations, and adding, deleting or changing passengers, close 14 days before the event.
- Check a 10-day forecast for every location listed here; conditions differ sharply between them.
- Drones require permission from your trail guides, and many landowners and agencies prohibit them outright.
- Alcohol and non-prescription drugs on the trail mean immediate expulsion without a refund.
- Pets are strongly discouraged; a pet waiver is required at registration.
- Trail access may be granted to guided Jamboree groups only — returning on your own violates our land use agreements.

TRAIL RATING SYSTEM

1–2

Relatively easy terrain. In optimum conditions some trails may not require continual use of 4WD.

3–5

Moderately demanding; a challenge for novice drivers. Mud holes, boulders, streams. Requires 4-LO.

6–7

Demanding at most skill levels. Deeper mud, larger boulders, steeper climbs. Requires 4-LO.

8–9

Very demanding. Getting stuck is likely and rock climbing is arduous. Lifts and lockers help.

Ratings describe the overall trail, not one or two tough spots. Rain, even from days prior, can raise a rating one or two points, especially on street tires. All vehicles are subject to a check before trail departure, and higher-rated trails are more likely to result in vehicle damage. When in doubt, ask a guide.
