NORTHERN BAJA ADVENTURE

PETS AND TRAILERS ARE NOT ALLOWED ON NORTHERN BAJA ADVENTURE

FEB 17 – 22, 2027 ■ BAJA CALIFORNIA, MEXICO ■ TRAIL RATING 2 – 4

ABOUT NORTHERN BAJA ADVENTURE

GET READY FOR AN UNFORGETTABLE BAJA ADVENTURE!

We'll travel south into Baja California, exploring its incredible desert landscapes, rugged mountain terrain, coastal communities and beautiful stretches of the Sea of Cortez.

Our journey begins in San Felipe, where we'll enjoy lunch and experience a little of the local culture before continuing south to Chenowth Legacy Lodge.

From there, we'll make our way toward Guerrero Negro for a very special experience: a whale-watching excursion, where we'll have the opportunity to see the magnificent gray whales in their natural habitat.

Our adventure continues to Bahía de los Ángeles, one of Baja's most beautiful coastal destinations. We'll spend two nights at Los Vientos, enjoying the scenery, the ocean and the opportunity to explore the surrounding area. We will go to the historic Mission San Francisco de Borja, giving us a glimpse into Baja's rich history.

On our journey north, we'll travel along portions of the legendary Baja 1000 route, visiting the iconic Coco's Corner before making our way back toward the border.

This adventure is about more than just the miles we travel. It's about discovering places off the beaten path, experiencing Baja's incredible diversity, sharing the trail with fellow Jeep enthusiasts and creating memories that last long after the journey ends.

SIX DAYS. INCREDIBLE SCENERY. OCEAN, DESERT, WILDLIFE AND ADVENTURE. THAT'S BAJA!
