WHAT TO BRING

- **CB radio highly recommended! Please see below.**
- Basic tool kit recommended!
- First aid kit recommended!
- Tire gauge recommended!
- Ice chest full of your favorite non-alcoholic beverages.
- **Full tank of gas prior to General Attendance Meeting!**

We HIGHLY recommend that you bring a CB radio!

There are many safety issues regarding upcoming obstacles transmitted over the CB radio by your trail guides. It is important for each vehicle to have a CB radio in their vehicle. You will also enjoy being able to participate in "trail chatter" with trail guides and your trail leader. Learn interesting facts about the area - history, local plant and wildlife, as well as exciting stories. Cobra brand handheld CB's work well if you don't want to permanently install a CB.

Other important items to consider bringing are: drinking water, trail snacks, chair or blanket for lunch stops, camera/video camera, binoculars, insect repellent, sun block, hat, hiking boots, toiletries & medications, flashlight, toilet paper and zip-lock bags for tissue disposal, hand sanitizer, rain jacket and warm clothing.

TRAIL USAGE AND INFORMATION

WATER CROSSINGS

We may have water crossings and water holes. Many of these crossings and holes offer a bypass if you decide to "go around". It is very **IMPORTANT** to watch and listen to your trail guide. Please be sure your air intake is disconnected. Your trail guide can help you with this if needed. When driving in deep water, **GO VERY SLOW!** If your engine gets wet and stalls, **DO NOT** try to start it as you may cause serious engine damage. After the Jamboree, please be sure to reconnect your air intake. For additional tips on water crossings, please refer to your copy of "Mark A. Smith's Guide to Safe, Common Sense Off-Road Driving".

A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas that are closed to all other vehicular access during the year. Please be aware that access to these trail areas is allowed only by guided JJUSA groups during the scheduled Friday and Saturday trail rides. Individual Jamboree guests returning later to drive in these areas on their own do so in violation of JJUSA's land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund. Thank you for your cooperation in assuring Jamboree access to some of America's most spectacular backcountry.

PLEASE TREAD LIGHTLY!

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

TRAIL RATING SYSTEM

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the overall trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to inspection prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

1-2 Obstacles and terrain are relatively easy to navigate. In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).

3-5 Moderately demanding. Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.

6-7 Demanding. Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.

8-9 Very demanding. Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.

10 Extremely demanding. Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail. Requires 4WD with 4-LO (*Not recommended for Jeep Patriot, Compass, Liberty, Cherokee, Grand Cherokee, or Commander.*)

TRAIL DESCRIPTIONS

Trail leaders will be available at the Vehicle Equipment Checkpoint to answer any questions you may have.

The trail leaders will be there to direct you to your group. You will be required to stay in your color group for both days of trail riding.

Six groups will be offered this year. Four groups will be designated as Beginner Stock to Novice Stock. One group will be designated as Modified Stock (larger and more aggressive tires and/or lift). One group will be designated as Experienced Modified (lockers, winch, lift, 32 inch tires are ALL a must).

The Experienced Modified group will run special trails created especially for this aggressive group.

The 21st annual French Lick Jeep Jamboree offers rocky hills, ravine crossings and a scenic tour of the area. You will have the option of challenging off-highway trails for the beginner and novice 4-wheelers with stock vehicles, as well as

the more experienced 4-wheeler with modified vehicles.

The trails for the Beginner Stock and Novice Stock groups are rated 2-5 dry*.

The trails for the Modified Stock group are rated 2-6 dry*.

The trails for the Experienced Modified group are rated 6-8 dry*.

Each group will have a maximum of 20 Jeeps on a 1st come basis.

***RAIN MAY INCREASE TRAIL RATINGS!**

Please remember, trails are subject to change or cancellation.

HISTORY

The Ranch is located on more than 1,000 acres of rolling hills in Orange County. In 1919, the lodge was built to be a private retreat for Ed Ballard, a local casino operator, and his elite guests.

Ballard later purchased the famous West Baden Springs Hotel. Ballard constructed five lodges on what was then called Castle Knoll Farm. The main lodge is the only one still standing, although vestiges of the others still remain. On the trail ride, you will be lunching at the site of the old line cabins that were built for linemen working for Mr. Ballard at Castle Knoll Farm.

Al Capone toured the area, under the protection of his bodyguards. You will drive past areas where Al Capone, is believed to have secured private resting places for particular individuals, as well as underground holding facilities for the old slot machines used during the 1920 - 1930's era. You will drive through a railroad trestle on which the railroad tracks were laid in the early 1900s for trains traveling to the French Lick area. On the other side of the railroad trestle, is the site of an old still where moonshine was made. This is a summary of just a few of the points of interest you will be seeing during your two day scenic driving experience through the hills of The Ranch.
