## **TRAIL USAGE AND INFORMATION**

### **WATER CROSSINGS**

We may have water crossings and water holes. Many of these crossings and holes offer a bypass. It is very **IMPORTANT** to watch and listen to your trail guide. Please be sure your air intake is disconnected. Your trail guide can help you with this if needed. When driving in deep water, **GO VERY SLOW!** If your engine gets wet and stalls, **DO NOT** try to start it as you may cause serious engine damage. After the Jamboree, please be sure to reconnect your air intake. For additional tips on water crossings, please refer to your copy of “Mark A. Smith’s Guide to Safe, Common Sense Off-Road Driving”.

### **A NOTE ON LAND USAGE**

Many Jeep Jamboree USA events are held on private land with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas, which are closed to all other vehicular access during the year. Access to these trail areas is allowed only by guided JJUSA groups during the scheduled Friday and Saturday trail rides. Individual Jamboree guests returning later to drive in these areas on their own do so in violation of JJUSA’s land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund. Thank you for your cooperation in assuring Jamboree access to some of America’s most spectacular backcountry.

### **PLEASE TREAD LIGHTLY!**

**Travel responsibly** on designated roads and trails or in permitted areas.

**Respect the rights** of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

**Educate yourself** by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

**Avoid sensitive areas** such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

**Do your part** by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

### **TRAIL RATING SYSTEM**

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the overall trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to inspection prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

**1-2 Obstacles and terrain are relatively easy to navigate.** In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).

**3-5 Moderately demanding.** Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.

**6-7 Demanding.** Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.

**8-9 Very demanding.** Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.

**10 Extremely demanding.** Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail. Requires 4WD with 4-LO (*Not recommended for Jeep Patriot, Compass, Liberty, Cherokee, Grand Cherokee, or Commander.*)

A complete description of the trails will be available during registration. Participants will have the opportunity to discuss the trails, their driving experience and vehicle capabilities with the trail guides during registration. Guides will work with participants for trail placement

## **FREQUENTLY ASKED QUESTIONS**

### **WHO CAN I BRING?**

Whoever you want! As long as they each have a required seat belt in your Jeep 4x4 and have completed registration, waiver and payment. Bringing pets is **strongly** discouraged. If your pet must attend, be sure to contact the Jeep Jamboree USA office for specific requirements.

### **WHERE DO I SLEEP ON A JEEP JAMBOREE?**

Participants are responsible for arranging their own lodging. Included in this itinerary is a list of nearby accommodations. Be sure to mention you're attending a Jeep Jamboree when making your reservation.

### **WHAT DOES THE JAMBOREE COVER?**

Lodging is not included with your registration fee. Your fee covers all necessary permits, experienced guides for the entire trip, breakfast, lunch and dinner on Friday and Saturday and a trip plaque. **NOTE:** Meals vary. Regretfully, no accommodations can be made for dietary restrictions.

Your Jeep Jamboree will offer you access to some of the finest trails in America — several of which are only available through this program. Each Jamboree also features a giveaway for chances to win great prizes. Sorry, no partial trips are offered and no spectators are allowed. All participants must be officially registered.

### **CAN I BRING MY JEEP LIBERTY, CHEROKEE, COMPASS, PATRIOT, GRAND CHEROKEE, OR COMMANDER?**

Of course! All new Jeep 4x4 vehicles with a 4-LO transfer case are Trail Rated® and are tested on demanding 4x4 trails. Vehicles without 4-LO may **ONLY** use trails rated 1-2. Your Jeep four-wheel-drive vehicle is required to be in good condition, with good tires, brakes, and seat belts. In addition, we require prior approval for larger Jeep 4x4s, such as Grand Wagoneers and J-Series Pickups. Jeep Jamboree USA reserves the right to refuse participation to any applicant whose vehicle exceeds size restrictions.

### **COULD MY VEHICLE BE DAMAGED ON A JAMBOREE?**

Every effort is made by Jeep® Jamboree USA to make the trails as safe as possible. Participants are advised to closely follow the instructions given by trail guides, spotters, and Jeep Jamboree USA. However, there's the possibility of receiving damage to your vehicle.

## **WHAT TO EXPECT**

You will travel over rough terrain. Any damage is the owner's responsibility. Remember, Jamborees with higher numerical difficulty ratings are more likely to encounter terrain that may contribute to vehicular damage. Weather conditions may also increase the trail rating difficulty.
