TRAIL DESCRIPTIONS

Trails are subject to change.

The following trails are a brief description of what **MAY** be available. The guides are developing new trails in the off season to continually provide new experiences. A complete list of current trails will be available at the event. We plan on added a 4th Blue level trail for 2016. We have two sides of the property East & West so be sure to see both sides! Please go to our home page and join the Discussion Group for the Coal Mountain Jeep Jamboree to be kept up to date on information pertaining to this Jamboree. The Discussion Groups are a great way to connect with participants as well as be notified of changes before and after the event.

West Side Ho-BT Highway – Rating 2-4

This will be an overall west property trail ride that includes mud, rocks and coal dirt along with scenic overlooks and tight wooded trails. You will visit the "The Fan House", "Glacier Rock", "Little Rock Creek" and "The Whaleback". You will also see active mine operations. There will be a wide range of terrain changing from forest trails, to rocky uphill, to muddy creek bottoms, and couple new obstacles, all of which will test your ability

West Side Coal Crackers – Rating 5-7

We start with a little loop to get you back in off-road mode, then we travel through the woods to tackle the tight and winding Potato Chip Hill. Close your eyes and scream as we go over Roller-Coaster Hill. Head back up the Dozer Cut on your way to Fern Ridge. Start with the rocky, non-stop Fern Ridge Challenge then original Fern Ridge Trail with an optional drop into the Fern Ridge Hole, climbing out will challenge both driver and Jeep! On to the Trench and the Fern Ridge Extension.

West Side Kyle's Follies – Rating 4-6

Anybody's guess. somewhere between dark green & baby blue. Trail Guides will be bulldogging you along a wide variety of trail conditions to see if you're ready for our Darker Blue Trails. He tells me he's looking to run the light blue side of things. Only our surveys will reveal what it really is. Although Trail Leader, Kyle Buchter, has been running a lot of 101 & 201 trail rides we know he's got a darker side.

West Side – Breaker Boys – Rating 7-8

Big Boy rock garden early into the newer section. Then to rockface outlook and up rocky up hill
Trail then travels to Kutch's Krack (see Mike Kutch for that story) to Fern Ridge east with numerous Rock garden loops. Hit the NJ Trench downhill & out to the "Stairway to Heaven" then east bound on West Fern Ridge with a hill rock garden with several different lines. You pick it!

East Side Mud Mining – Rating 2-4

This will cover a large portion of the east side property. If you are looking for scenic and historic this is your trail. This trail includes tight trails that test your driving ability. There are also hill ascents and descents, rocks (you are in coal country after all), off camber obstacles, and some mud if Mother nature cooperates

East Side East Bound and Down Rating 5-7

Travel along the pole line with up and down hill climbs and ravines as you make your way to The Point. Then onto Upper Anthracite downhill. Challenge both yourself and your Jeep vehicle on Barney Rubble's uphill rock climb.

East Side – AAA – Ratings 6-8

Trail starts nice and easy with a short scenic drive through the reclaimed mining area. Following a pole line climb into the Point. From there it is trail after trail. Some really rocky and others are winding through the forest tight between trees. Some of the trails are Whiskey Ridge, BA, Excalibur, Jonni's Loop, Hognose, Bucket and Muddy Shackle. Our trail ratings are 6 to 8 with most being on the 6 side but obstacles within the trails being 8's.

East Side Rock and Rumble – Rating 8-9

Rocks, rocks and more rocks! Warm up with Barney Rubble then into Bam-Bam onto Thunder Alley. If you want more Rocks then on to Mike's Dream, U-joint Tree to a hill climb named "Jimmy Screamer" of loose rock with a couple big rock side steps. Winch point awaits you if you're a "JIMMY SCREAMER". Then onto "B Line" that is a longer trail section with numerous rock sections including The BIG UGLY is always changing to test Driver & Jeep and for more we hit Lower & Upper Anthracite. We have yet been able to finish the day with the "Biggest Ugly" or "Rene's Hill"!

MESSAGE FROM YOUR COORDINATOR

We are pleased to offer this Jamboree as our Third Coal Mountain **Spring** Jeep Jamboree. Please note that there are two trip itineraries for the Coal Mountain Jamboree. One is for the May Jamboree and the other for the August Jamboree. Please refer to "How Do I Get There?" for directions.

Our Trail Guides have been working over the winter with AOAA Staff to continue developing the trail system. New and exciting things are happening with the property. We are confident that you will agree. Our trails are diverse and will offer rides for stock to modified rigs. Rocks, mud, water crossings, plenty of off camber obstacles and a few pucker factors along the way will only add to your enjoyment and excitement.

Each year that you return, we know you will be pleasantly surprised by the new additions.

Please understand that this Jamboree has a considerable amount of driving time from one venue to another. Venues that are large enough to accommodate the number of participants attending the Jamboree is limited. The neighboring communities are

spread out. We apologize for the inconvenience; however, we know that once you have experienced the trail system, the guides and the magnetic personality of your Local Coordinator, Steve Risk, you will think that it was worth the drive.

TRAIL USAGE AND INFORMATION

WATER CROSSINGS

Some Jamborees may have water crossings and water holes. Many of these crossings and holes offer a bypass, if you decide to "go around". It is very important to watch and listen to your trail guide.. When driving in deep water, GO VERY SLOW! If your engine gets wet and stalls, DO NOT try to start it as you may cause serious engine damage. For additional tips on water crossings, please refer to your copy of "Mark A. Smith's Guide to Safe, Common Sense Off-Road Driving", which is available to be downloaded on our website.

A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas, which are closed to all other vehicular access during the year. Please be aware that access to these trail areas is allowed only by guided JJUSA groups during the scheduled Jeep Jamboree trail rides.

Individual Jamboree guests returning later to drive in these areas on their own do so in violation of JJUSA's land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund. Thank you for your cooperation in assuring Jamboree access to some of America's most spectacular backcountry.

Also, please note that while we trim back as much brush as possible, we are limited by Federal, Tribal and Private landowners to the amount acceptable by each entity.

PLEASE TREAD LIGHTLY!

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

TRAIL RATINGS

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the over trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to vehicle check prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

1-2 Obstacles and terrain are relatively easy to navigate. *In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).*

3-5 Moderately demanding. Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.

6-7 Demanding. Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.

8-9 Very demanding. Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.

10 Extremely demanding. Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail. Requires 4WD with 4-LO, front and rear lockers, skid plates, rock rails and an aftermarket rear differential cover. Rubicon Trail Jeep Jamboree is limited to YJ's, TJ's and JK models only. *Jeep Renegade, Patriot, Compass, Liberty, Cherokee, Grand Cherokee, or Commanders are not allowed.*

During registration participants will have the opportunity to discuss the trails, their driving experience and vehicle capabilities with the trail guides. Guides will work with participants for trail placement.

RAIN MAY INCREASE TRAIL RATINGS 1 OR 2 POINTS, ESPECIALLY WITH STREET TIRES.

FRIENDLY REMINDERS – Before and During Your Trip

BEFORE YOU LEAVE

Waivers will be collected at the Jamboree during registration. Please read, sign and bring the completed waiver with you. All passengers in your Jeep vehicle must sign and date this waiver. A waiver for participants under the age of 18 years old must be signed and dated by a parent or the minor's legal guardian. If waiver is correctly signed and dated, passengers do not need to be present at registration.

REGISTRATIONS, ADDING, DELETING, OR CHANGING OF PASSENGERS

In order to give accurate counts to our caterer for the meals, pay for land use and permit fees, all new registrations of vehicles, adding, deleting or changing of passengers must be completed **(2) two weeks** prior

to the Jamboree date. **We will no longer be able to accommodate any onsite registrations. This is for both adding of Jeeps or passengers.** Please note that registration prices are per person, not per Jeep vehicle.

Event T-Shirts are included in your registration fee. You **must** pre-order event T-Shirts at the time of your registration. **Pre-ordered** shirts will be given to you during onsite registration. Other Jeep Jamboree USA clothing and merchandise will be available during the Jamboree. **At the Jamboree, cash only transactions are accepted.**

In addition, we require prior approval for larger Jeep 4x4s, such as Grand Wagoneers and J-Series Pickups. Jeep Jamboree USA reserves the right to refuse participation to any applicant whose vehicle exceeds size restrictions.

COULD MY VEHICLE BE DAMAGED ON A JAMBOREE?

Every effort is made by Jeep Jamboree USA to make the trails as safe as possible. Participants are advised to closely follow instructions given by trail guides, spotters, and Jeep Jamboree USA. However, there's the possibility of damage to your vehicle when traveling rough terrain. Any damage is the owner's responsibility.
