FOLLOW THE FLOW WHEN YOU ARRIVE

STEP 01
VEHICLE EVALUATION
Thursday · enter at Gate 5

STEP 02
REGISTRATION
Bring your completed waiver

STEP 03
TRAIL SIGN-UP
First come, first served

Evaluation and registration are mandatory before sign-up. Trails fill first come, first served — your guides will match you to a trail based on your Jeep and your comfort level. Registration may open early to suit local conditions; there is no late registration Friday morning. Bring your signed waiver: link.jeepjam.com/waiver — and don't worry, there are extras at the event if needed.

SPECIAL REQUIREMENTS Slide-in campers and roof top tents are not recommended for this Jamboree. Trail options will be limited, and you may have to skip sections of the trail.

A MESSAGE FROM YOUR GREENBRIER VALLEY COORDINATOR

We are so pleased that you have decided to join us for the Greenbrier Valley Jeep Jamboree located in the beautiful Greenbrier Valley of West Virginia. We hope you enjoy our event as well as some of the many historic, cultural and recreational opportunities that this beautiful area of West Virginia has to offer.

Take a look at why Greenbrier Valley is the ultimate getaway destination. From shopping and dining, to outdoor recreational activities, and world-class accommodations, a visit to the area is a must! There's something for everyone.

THE TRAILS

All trail ratings will vary as they are based on weather, vehicle set-up and driver experience. Add one rating level for wet weather.

TRAIL MIX GREY

Rating 3–4

Trail Mix is a combined assortment of trail challenges and adventures. Ascend ridges to view the Alleghany Mountains in all its fall splendor. Drop in to dry creek beds to rock and roll your way in the holler. You might find a little mud hole to give your Jeep a real West Virginia wax job/mud bath. So come spend the day enjoying the Greenbrier Valley Jeep Jamboree with the guides on Trail Mix. This is 3/4-rated trail... Just right!

MAYBE SOME DAY WHITE

Rating 3–4

Maybe Someday is a great family friendly trail with some beautiful views of Kate's mountain. This trail will be enjoyed by both experienced and novice Jeepers. If you are looking to see your flexing capabilities, attempt off-camber obstacles or just enjoy a stroll on the rocky path to breathtaking views of the mountains, this is the trail for you!

YELLOW JACKET BLACK/YELLOW

Rating 4

Come test your driving skills with us on the tight, twisty Yellow Jacket Trail. We begin with a series of sharp hill climbs and steep descents. Shortly afterward we get into the meat of our trail, narrow, winding, dry (mostly!) creekbeds. See what your Jeep is made of on Trek and Headache. Can you swing all the way down the Grapevine, a muddy, slippery ravine? If that's not enough for you, we dive into the Yellow Jacket's nest, a double loop in tight, washed out creek bottoms. This is a really neat, moderate trail that requires a minimum of 32" tires and a locker makes it easier. This is very tight for longer wheel based vehicles.

KLIMBS & KRICKS BLUE

Rating 5

Come join us as we climb long steep ascents with amazing views. We head back down steep descents headed for some deep water crossings (with bypasses), then on to Babbling Brook, Confunction Junction and Wagon Wheel. More mud holes and climbs are ahead of us before we enter some cool creek beds and up to Plane Crash. Hold on as we approach Kamikaze Hill. Both driver and their Jeep will be challenged on this 5 rated Trail. 33" or larger tires are suggested for maximum enjoyment!

MONKEY BUSINESS ORANGE

Rating 6

A trail that is more fun than a barrel full of monkeys. If you like rocks, this trail is for you. The Bananas will take you through several rocky obstacles and elevation changes that will challenge and excite you. The morning will be spent on several obstacles from mild to wild. The afternoon will be spent heading down U Got 2 B Kidding, where you will see the infamous Doug's Belly/Jay's Back Slide. If you want to challenge both you and your Jeep, Monkey Business will keep you on your toes and smiling all day. Due to the amount and size of the rocks on the trail, please note the requirements below. Required Equipment: Minimum 33" mud terrain tires for 2-door jeeps, 35" for 4-door Jeeps. Skid plates are required. Body armor required for JT's. Recommended are at least one locker, two preferred.

HOOT N HOLLER YELLOW

Rating 6

Be ready to Hoot N Holler as the group encourages each other along this challenging trail. After we pass through the tunnel in White Holler, the trail works its way up a rocky creek bed and some will opt to take on Yo-Yo along the way. There is a break from the rocks for a while as we ascend to the top of Kate's Mountain via Camel Back and Unsupervised. The trail has an easy stretch working across the ridge of the mountain before dropping into Butcher Holler. We'll drop into Boomerang Gulch then on to the Drain and the great Waterfall Run. We'll exit the trail through Butcher Holler and onto the banks of Lake Tuckahoe where bald eagles have been spotted. This trail features a lot of rocks, some hills, but very little mud. Required Equipment: Aggressive 33" tires for short wheelbases and 35" tires for long wheelbases, 1 locker, and a working winch are required. Skid plates are highly recommended. Some of the more difficult sections of the trail do not have bypasses.

BUNNY TRAIL RED

Rating 7–8

You won't find any brier patches on this challenging trail. The ride starts out on a nice winding gravel road through the beautiful mountainside up to Monkey Barrel Holler. The first challenge is a rocky creek trail that changes each year with the help of mother nature. This trail has many large rocks that will test your jeep and your off road driving ability. Once out of the creek we will head up to the Bunny trail and drop in and out of a steep ravine which is a loose rocky climb with several opportunities to get off camber when a tire drops into a rocky hole. Returning jeepers will notice mother nature has made many changes to the Bunny trail making some areas challenging and exciting while other areas are no longer passable requiring to be bypassed. Required Equipment: Working winch, 35" or larger tires, and at least one locking differential. Recommended are two locking differentials. Expect to use your skid plates as you will hear and feel the rocks scrape your undercarriage.

BEFORE YOU GO

REQUIRED

Missing any of these means you are turned away at registration, without a refund.

- Tow points: frame-mounted tow hooks with grade 6 or 8 bolts, draw bars and receiver hitches, or aftermarket bumpers with a manufacturer-installed clevis or D-ring.
- A working GMRS-compatible radio. Guides call out upcoming obstacles, plus local history and wildlife.
- A full-size spare tire.
- Seat belts for all occupants, worn on the trail.
- Street legal, registered and insured, with a license plate.
- STRICTLY ENFORCED Tires no larger than 40". Suspension lift no more than 6". No exceptions.
- Roll bars on all open-topped vehicles, including CJs, Scramblers and Willys.
- A rated tree saver and soft shackle if you run a winch.
- No buggy-style Jeeps and no snowplow frames.

PACK LIST

Bring these with you — for registration, and for the trail.

- Signed waiver for every occupant; a parent or legal guardian signs for passengers under 18.
- Photo ID for the driver of record — the name must match the registration.
- Name badge, worn all weekend. It is your admission to trails and meals.
- Basic tool kit, first aid kit, tire gauge, rain jacket, clothing for all conditions.
- An ice chest of non-alcoholic drinks. Stay hydrated.
- Trail snacks and a chair or blanket for the lunch stop.
- Insect repellent, sun block, medications, hand sanitizer, flashlight, camera, binoculars.
- Toilet paper and zip-lock bags for tissue disposal.

Recommended: a tow strap with looped ends (metal hooks are not allowed), a fire extinguisher and first aid kit. Consider removing running boards and steps for higher-rated trails. Questions about your Jeep? Contact your Adventure Consultant before the event.

KNOW BEFORE YOU GO

- Registrations, and adding, deleting or changing passengers, close 14 days before the event.
- Check a 10-day forecast for every location listed here; conditions differ sharply between them.
- Drones require permission from your trail guides, and many landowners and agencies prohibit them outright.
- Alcohol and non-prescription drugs on the trail mean immediate expulsion without a refund.
- Pets are strongly discouraged; a pet waiver is required at registration.
- Trail access may be granted to guided Jamboree groups only — returning on your own violates our land use agreements.

TRAIL RATING SYSTEM

1–2

Relatively easy terrain. In optimum conditions some trails may not require continual use of 4WD.

3–5

Moderately demanding; a challenge for novice drivers. Mud holes, boulders, streams. Requires 4-LO.

6–7

Demanding at most skill levels. Deeper mud, larger boulders, steeper climbs. Requires 4-LO.

8–9

Very demanding. Getting stuck is likely and rock climbing is arduous. Lifts and lockers help.

Ratings describe the overall trail, not one or two tough spots. Rain, even from days prior, can raise a rating one or two points, especially on street tires. All vehicles are subject to a check before trail departure, and higher-rated trails are more likely to result in vehicle damage. When in doubt, ask a guide.
