A MESSAGE FROM YOUR HOT SPRINGS COORDINATOR

The Hot Springs Jamboree takes place in the Hot Springs Off-Road Park in Hot Springs, Arkansas. The park offers 1,242 acres of scenic views and challenging rock-crawling terrain. Home to four Jeep® Badge of Honor trails in varying levels of difficulty- Snake, Rubicon Ridge, Fun Run, and Quartz Canyon. Group sign-ups are based on jeep capability and driver's preference.

Attendees will be with the same group both days of the event and conquer multiple trails each day. There is typically a lot of rain in March in Hot Springs, so please plan accordingly. Rain coats and boots are highly recommended. There is also a lot of mud and loose rock on most trails, we recommend sturdy, fully closed shoes. Hot Springs has a little bit for everyone and some of the prettiest overlooks! We look forward to seeing everyone!

Hot Springs is famous for more than its off-road trails. In the early 1900's the town was known as "America's Spa" and people came from all over to experience the healing waters. Bathhouse Row is home to many of the historic bathhouses from the 19th and 20th centuries. Add the fact that gambling was basically tolerated in Hot Springs, and you can see how the town became a favorite spot for mobsters like Al Capone, Bugs Moran, and Lucky Luciano. Hot Springs was also the home of Major League Baseball's spring training.

KNOW BEFORE YOU GO

- Registrations, and adding, deleting or changing passengers, close 14 days before the event.
- Check a 10-day forecast for every location listed here; conditions differ sharply between them.
- Drones require permission from your trail guides, and many landowners and agencies prohibit them outright.
- Alcohol and non-prescription drugs on the trail mean immediate expulsion without a refund.
- Pets are strongly discouraged; a pet waiver is required at registration.
- Trail access may be granted to guided Jamboree groups only — returning on your own violates our land use agreements.

TRAIL RATING SYSTEM

1–2

Relatively easy terrain. In optimum conditions some trails may not require continual use of 4WD.

3–5

Moderately demanding; a challenge for novice drivers. Mud holes, boulders, streams. Requires 4-LO.

6–7

Demanding at most skill levels. Deeper mud, larger boulders, steeper climbs. Requires 4-LO.

8–9

Very demanding. Getting stuck is likely and rock climbing is arduous. Lifts and lockers help.

Ratings describe the overall trail, not one or two tough spots. Rain, even from days prior, can raise a rating one or two points, especially on street tires. All vehicles are subject to a check before trail departure, and higher-rated trails are more likely to result in vehicle damage. When in doubt, ask a guide.
