ICELAND JEEP TOUR • BEST OF THE SOUTH • 2024

RECOMMENDED SOUTHERN DESTINATION

REYKJAVIK

THE ARRIVAL

THE FIRST MEETING

We meet the group on Friday at 6 p.m. in the hotel lobby and start our adventure with a presentation of Iceland and what to expect from this adventure.

Afterwards, we will go to one of the best restaurants in Reykjavik to finish our first evening together.

DAY 1

Gullfoss

DAY 1

STARTING FROM REYKJAVIK TO THE GOLDEN CIRCLE

Driving on the Glacier „Langjökull“ - Having the first real adventure.

After the tourist program, we start with a little training for gravel, watercrossing and so on - if necessary. Then we drive directly to Langjökull - the second largest glacier in Iceland and one of the largest in the world.

DAY 2

DAY 2

THE OFFROAD ADVENTURE BEGINS

After a short journey and last refueling, we start early in the morning on the F261 into the highlands. And after everyone is excited, we raise the level hour by hour. Apart from the well-known routes, we will drive from highlight to highlight. Nature as it's best. Deep rivers, old vulcanos and wildly living icelandic horses.

In the afternoon, we will arrive at our guesthouse directly by the „Mýrdalsjökull“ - a great glacier with an active vulcano underneath.

DAY 3

DAY 3

WE ARE GOING TO HAVE ONE OF THE BEST DAYS EVER

Starting with Blautulón - crossing a sea in the highlands - we will continue with the „Road to Mordor“ (J.R.R. Tolkien fictional world of middle-earth). A day we will remember for the rest of our lives - including steep mountains, black rivers, deep erosions and many more „little adventures“.

DAY 4

DAY 4

LANDMANNALAUGAR & BLACK SANDS

Today we do not start early in the morning. Instead, we take our time for „Landmannalaugar“ - one of the nicest places in Iceland. Sometimes there are some tourists - but the beauty of the valley will compensate. And: we will not go „the normal way“!

In the afternoon or in the evening, there's a chance for a special trip - going to a secret place with black dunes and finish the evening in a very special ice cave.

Enter with Helmets.
And crampons.

DAY 5

DAY 5

VOLCANO DAY

We move further south - taking care of the laki crevasses and getting close to Vatnajökull. An exciting day with the possibility to climb the Laki - a volcano.

DAY 6

DAY 6

THE DAY ON THE ICE

Today, we will visit the glacier lagoon and Diamond Beach. We'll go directly into the ice with RIP boats and get to witness the birth of icebergs.

Afterwards it's way back to Vik - a small town in the south with shopping facilities, the famous Black Beach and on the way we will experience the "best of" the Icelandic waterfalls.

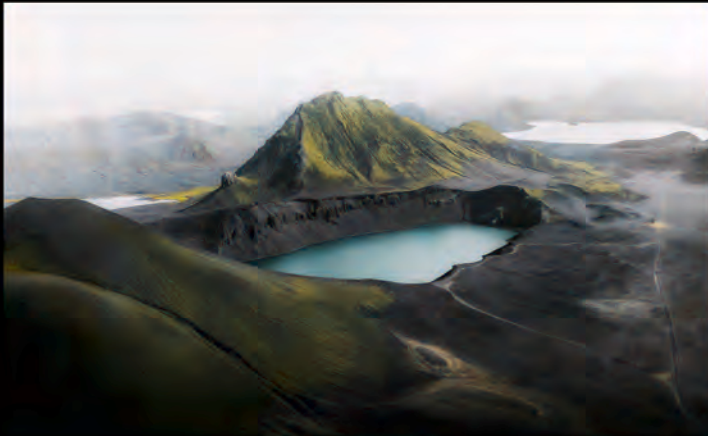

DAY 7

DAY 7

BACK TO REYKJAVIK

We head back to Reykjavik - but not without embarking on one of the best adventures in Iceland - navigating the Valley of Thor. We'll get right to the eruption site of Eyjafjalla (the volcano that made air travel between Europe and the US in 2010 impossible) and get as far as Iceland's most famous and infamous river - the Krossa. Maybe on that day there'll be a possibility to conquer the "beast". In the evening, we will stop at a Viking restaurant to have the perfect ending of this extraordinary adventure trip. This last night will be spent in Reykjavik.
