A MESSAGE FROM YOUR LAND BETWEEN THE LAKES COORDINATOR

The Land Between the Lakes Jeep Jamboree offers a variety of trails and trail ratings. These trails contain a combination of different types of terrain, which include rolling and wooded hills, plush wooded forests, and rocky plateaus. Our headquarters are located at Kenlake State Resort Park located at Kentucky Lake in Hardin.

The Land Between the Lakes (LBL) National Recreation Area consists of 170,000 acres. This area is the first federally designated area for off-highway vehicle use (2,350 acres). In addition, LBL has a living farm (Homestead-1850) depicting life over one hundred years ago. You may see the family in period dress while they attend to chores in a historically accurate manner. Nearby is a 200-acre buffalo range that has the largest publicly owned herd of buffalo in the U.S. The Woodland Nature Center offers terrific presentations and exhibits for those interested in the natural surroundings of the area.

The Trail Guides have built a wide variety of trails to fit your skill level, adventurous side and your Jeep's capabilities. Whether two door or four door variety, we will do our best to accommodate both you and your Jeep.

THE TRAILS

RATED 01 EASIEST – 10 HARDEST

IRON FURNACE

Rating 3

Scenic - moderate trail. See South Bison Range and Great Western Iron Furnace. Some mud, hill climbs, scenic views of the lake, and many picture taking opportunities.

MIKE'S ADVENTURE TRAIL

Rating 3–4

It's off to the backwoods for a day of trail riding. Four Wheel drive is required at times, especially if it rains. Our lunch spot will be along the shores of Kentucky Lake in a remote area of LBL. On Friday morning we'll head to breakfast, then off to traveling more backwoods trails. This group is perfect for someone that wants to take it easy on the trails and explore the beautiful Land Between the Lakes!

NOTHIN FUNNER

Rating 4–5

This trail is located in the Turkey Bay OHV area. It circles around the Turkey Bay area. Good mud, rocks and hills. Great scenery!

TUF-E-NUF TRAIL

Rating 4–5

This trail covers a large area in LBL. Tuf-E-Nuf has several water crossings (shallow), some hill climbs, some twists and turns, descents and a little mud. It's just difficult enough to be challenging yet scenic enough to let you relax and enjoy the ride.

TURKEY SCRATCH

Rating 4–5

Wooded roller coaster type hills. Rocky hill climbs. A fun ride to test your driving skills. You will be amazed at what your Jeep can do!

RENEGADE RUN

Rating 5–6

On this trail you will encounter steep hills with tight turns and washouts. This trail is a stimulating experience for drivers, spotters, and passengers alike. The trail winds its way through the heart of the OHV area ridge tops. There is a lot of variety in this challenging terrain that includes loose, rocky, rooted hills and MUD!

LAKE TRAIL

Rating 6–7

This trail has tight turns through wooded areas with steep, challenging hills of loose rock. It runs across Turkey Bay on the lakeside from one end to the other with overlooks of Kentucky Lake. We have a beautiful lunch spot with stunning surrounding scenery. One locker required.

ROLLER COASTER

Rating 7–8

This trail is the best of the best. It lives up to its name with a multitude of hills. You will be treated to a feast of rocks, mud and tight spaces. 31 inch tires and at least one locker are required.

BEFORE YOU GO

REQUIRED

Missing any of these means you are turned away at registration, without a refund.

- Tow points: frame-mounted tow hooks with grade 6 or 8 bolts, draw bars and receiver hitches, or aftermarket bumpers with a manufacturer-installed clevis or D-ring.
- A working GMRS-compatible radio. Guides call out upcoming obstacles, plus local history and wildlife.
- A full-size spare tire.
- Seat belts for all occupants, worn on the trail.
- Street legal, registered and insured, with a license plate.
- STRICTLY ENFORCED Tires no larger than 40". Suspension lift no more than 6". No exceptions.
- Roll bars on all open-topped vehicles, including CJs, Scramblers and Willys.
- A rated tree saver and soft shackle if you run a winch.
- No buggy-style Jeeps and no snowplow frames.

PACK LIST

Bring these with you — for registration, and for the trail.

- Signed waiver for every occupant; a parent or legal guardian signs for passengers under 18.
- Photo ID for the driver of record — the name must match the registration.
- Name badge, worn all weekend. It is your admission to trails and meals.
- Basic tool kit, first aid kit, tire gauge, rain jacket, clothing for all conditions.
- An ice chest of non-alcoholic drinks. Stay hydrated.
- Trail snacks and a chair or blanket for the lunch stop.
- Insect repellent, sun block, medications, hand sanitizer, flashlight, camera, binoculars.
- Toilet paper and zip-lock bags for tissue disposal.

Recommended: a tow strap with looped ends (metal hooks are not allowed), a fire extinguisher and first aid kit. Consider removing running boards and steps for higher-rated trails. Questions about your Jeep? Contact your Adventure Consultant before the event.

KNOW BEFORE YOU GO

- Registrations, and adding, deleting or changing passengers, close 14 days before the event.
- Check a 10-day forecast for every location listed here; conditions differ sharply between them.
- Drones require permission from your trail guides, and many landowners and agencies prohibit them outright.
- Alcohol and non-prescription drugs on the trail mean immediate expulsion without a refund.
- Pets are strongly discouraged; a pet waiver is required at registration.
- Trail access may be granted to guided Jamboree groups only — returning on your own violates our land use agreements.

TRAIL RATING SYSTEM

1–2

Relatively easy terrain. In optimum conditions some trails may not require continual use of 4WD.

3–5

Moderately demanding; a challenge for novice drivers. Mud holes, boulders, streams. Requires 4-LO.

6–7

Demanding at most skill levels. Deeper mud, larger boulders, steeper climbs. Requires 4-LO.

8–9

Very demanding. Getting stuck is likely and rock climbing is arduous. Lifts and lockers help.

Ratings describe the overall trail, not one or two tough spots. Rain, even from days prior, can raise a rating one or two points, especially on street tires. All vehicles are subject to a check before trail departure, and higher-rated trails are more likely to result in vehicle damage. When in doubt, ask a guide.
