VEHICLE MODIFICATIONS

- Seat belts are required in all vehicles for all occupants.
- Maximum suspension lift allowed is 6".

GMRS RADIOS ARE REQUIRED

A working GMRS radio is mandatory for all Jeep Jamboree events. Please see the last page of this itinerary or visit <https://link.jeepjam.com/radios> for more information.

FOLLOW THE FLOW

When you arrive at a Jeep Jamboree, you must complete these steps in this order:

Vehicle Evaluation → Registration → Trail Sign-Up

You will not be permitted to sign-up for trails until you have completed Vehicle Evaluation and Registration.

NAME BADGE

Each participant must wear their name badge throughout the entire Jamboree.

TRAIL STICKERS

Trail stickers provided at trail sign-ups must be displayed on your windshield prior to departing for any off-road trail ride.

TRAIL CONDITIONS

Trail conditions can vary widely between trails and even on the same trail on different days. Factors such as weather, other Jeepers, and the line you choose all have an effect on the trail and how your Jeep will traverse it. Rainfall, even from days prior, may increase trail ratings 1 or 2 points. When in doubt, ask a Jeep Jamboree Trail Guide for guidance. While we trim back as much brush as possible, we are limited by Federal, Tribal and Private landowners to the amount acceptable by each entity.

WEATHER CONDITIONS

Weather conditions can be dynamic at a Jeep Jamboree. We recommend you look at a 10-day forecast of weather conditions. Be sure to check the weather for all areas listed in the itinerary as different locations may have very different temperatures.

The Moab Expeditions will be limited-space excursions offering the chance to enjoy some of Moab's most iconic trails with the assistance of some of our most experienced and knowledgeable trail guides who have spent years becoming authorities on this area.

To create a truly personal experience, these trips will be limited to a maximum of 8 vehicles, enabling attendees to receive personalized guidance and instruction in a unique casual setting. With a small group such as this, participants will have an opportunity to spend valuable time learning how to use their Jeep to traverse some of the world's most famous trails, while having individualized attention from our expert guides at the helm.

TRAIL RATING SYSTEM

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the overall trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to vehicle check prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

- 1-2** Obstacles and terrain are relatively easy to navigate. In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).
- 3-5** Moderately demanding. Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.
- 6-7** Demanding. Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.
- 8-9** Very demanding. Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.
- 10** Extremely demanding. Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail.

Requires 4WD with 4-LO, front and rear lockers, skid plates, rock rails and an aftermarket rear differential cover.

Rubicon Trail Jeep Jamboree is limited to TJ, JK, JL and JT models only without prior approval. Jeep Renegade, Patriot, Compass, Liberty, Cherokee, Grand Cherokee, Commanders, and Wagoneers are not allowed.

During registration you will have the opportunity to discuss the trails, your driving experience, and Jeep capabilities with the trail guides. The guides will work with you to select appropriate trails. Rain may increase trail ratings 1 or 2 points, especially with street tires.

PLEASE TREAD LIGHTLY!

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas which are closed to all other vehicular access during the year.

Please be aware that access to these trail areas is allowed only by guided Jeep Jamboree USA groups during the scheduled Jeep Jamboree trail rides. Individual Jamboree guests returning later to drive in these areas on their own do so in violation of Jeep Jamboree USA's land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund.

Thank you for your cooperation in assuring Jamboree access to some of America's most spectacular backcountry.

FREQUENTLY ASKED QUESTIONS

ARE JEEP JAMBOREES SAFE?

Our trail guides are trained to put your safety first. If they ask you to refrain from any activity or to avoid specific trails or areas, you must follow their directions. Jeep Jamboree USA does not authorize or promote any night runs. You must wear your seat and shoulder belts. If a Trail Guide asks you to wear your seat belt and you do not comply, you will be removed from the Jeep Jamboree without a refund and banned from Jeep Jamborees.

WILL MY JEEP BE GOING THROUGH WATER?

Some Jamborees may have water crossings and mud holes. Many of these crossings and holes offer a bypass. It is very important to watch and listen to your trail guide. When driving in deep water, *go very slowly!* If your engine gets wet and stalls, *do not* try to start it as you may cause serious engine damage. For additional tips on water crossings and many other off-road situations, please refer to your copy of *Jeep Jamboree USA Off-Road Driving Tips*, available at <https://link.jeeppjam.com/drivingtips>

YOU MUST WEAR YOUR NAME BADGE

When you register on-site, you will be given one name badge per participant. Please wear your name badge while at the event as it is verification of your registration, your admission to the trails and meals, and helps everyone get to know each other.

GET CONNECTED WITH OUR FACEBOOK GROUPS

Join one or more of the Jeep Jamboree discussion groups on Facebook. Ask questions, share information and photos before, during and after your great adventure.

WHAT SHOULD I BRING?

- A basic tool kit, first aid kit, tire gauge, rain jacket, and clothing for all weather conditions are highly recommended.
- An ice chest full of your favorite non-alcoholic beverages. It is important to stay hydrated!
- A full tank of gas prior to General Attendance Meeting as you will not have time to fuel up after the meeting.
- Trail snacks and a chair/blanket for the lunch stop.
- Insect repellent, Sun Block, Medications, Hand Sanitizer, Flashlight, Camera, Binoculars
- Toilet paper and Zip-lock bags for tissue disposal

MAY I BRING MY PET?

Bringing pets is strongly discouraged. If your pet must attend, you must submit a pet waiver during registration.

WHAT IS THE POLICY ON ALCOHOL, DRUGS, ETC.?

No occupants of the vehicle will possess or consume alcohol, non-prescription drugs, or be under the influence of any substance while on the trails. Doing so means immediate expulsion without a refund and those involved will be banned from all future Jeep Jamborees.

COULD MY VEHICLE BE DAMAGED ON A JAMBOREE?

Every effort is made by Jeep Jamboree USA to make the trails as safe as possible. You are advised to closely follow instructions given by Jeep Jamboree Trail Guides. Jamborees with higher difficulty ratings are more likely to encounter rough and challenging terrain that may contribute to vehicular damage. Any damage is the owner's responsibility.

GMRS RADIO, CHANNEL, AND FREQUENCY INFO

IF YOU DON'T HAVE A GMRS RADIO YET

- Your easiest and best option is to purchase one of the recommended Midland radios. These quality radios are easy to use and are available at <https://link.jeepjam.com/radios> and in limited supply at a Jeep Jamboree

RADIO DIFFERENCES AND FREQUENCIES

- In late 2017, the FCC set standards for FRS/GMRS channel numbers and frequencies. Any FCC approved radio manufactured after October of 2017 should match the channels in the chart and work for your Jeep Jamboree.

FREQUENCIES AND POWER

- FRS and GMRS use the same channels/frequencies. FRS (Family Radio Service) runs at lower power. GMRS (General Mobile Radio Service) runs at higher power.

LICENSING

- Before operating a GMRS radio, you must have a valid license. Any radio using the shared FRS/GMRS frequencies that is able to transmit above 2 Watts of power is considered a GMRS radio and requires a license.

WHY GMRS OVER FRS OR CB?

- With FRS handhelds you may hear others on the trail, but they may not hear you. GMRS has more power, meaning you can transmit farther. GMRS offers more reliability, usability, and quality over a CB radio.

Frequency	FRS/GMRS Channel	FRS Power	FRS Bandwidth	GMRS Power	GMRS Bandwidth
462.5625 MHz	1	2 W	12.5 kHz	5 W	20 kHz
