ABOUT NORTHERN BAJA ADVENTURE

Get ready for an unforgettable 5-day guided off-road experience through the rugged beauty and rich culture of Northern Baja! From the shores of the Sea of Cortez to the Pacific coastline, this exclusive trip combines scenic trail runs (including portions of the legendary Baja 1000 course) with coastal drives, local cuisine, and comfortable oceanfront stays.

Our journey begins with an early morning border crossing at Calexico after which we'll head to San Felipe for lunch at the renowned Malecón, preparing us for the beauty and culture of the region in the days to come.

We'll travel historic routes, both on and off road, to a carefully curated sampling of destinations such as the historic Baja 1000 course, prehistoric caves and beach runs. As with all adventure travel, conditions are dynamic and schedules and destinations are subject to change. Rest assured our guides will create a once-in-a-lifetime experience for you!
