A MESSAGE FROM YOUR COORDINATORS

Oak Ridge Estate and Farm has been taking in the tranquility and breathtaking views of the Blue Ridge Mountains since 1802. Encompassing 4,800 acres of farmland, open fields, historic buildings, and nearly 50 miles of OHV trails and obstacles for every level of Jeeper beckoning Jeeps to come test their capability.

Oak Ridge Estate and Jeeps are a natural fit. Camp Jeep East took place on the estate in the early 2000's. Jeep Jamboree traces its love affair further back, running from 1994 to 2009. After an 18 year hiatus, we are excited to be back on site and continue building wonderful memories. Those who were lucky enough to ride at Oak Ridge Estate in previous jamboree years will remember many of the same trails. Some trails have changed over time though, as happens, and some new trails have been cut.

While on the trails expect to traverse one or more of over a dozen water crossings and several log bridges while meandering past old wooden farm structures and historic stone buildings. Oak Ridge Estate has a little of everything, from mild trails to snaking through tight trees on a ridge line. If rocks are your thing, there are plenty to choose from with multiple lines to test everyone from the novice to the experienced and everyone in between. The days have plenty of mild to wild ascents and descents, and off camber to get the angles going in a different direction. And when you come out of the trees there are fields and vistas to take in the beauty of the Blue Ridge Mountains.

Oak Ridge Estates is private property that is only available for trail riding a few times each year. We have been fortunate through good stewardship to grow and maintain this trail system for over 20 years and are excited to have Jeep Jamboree back on the property. Our area is lush with vegetation, and we put in hours of trail maintenance each year to keep it cut back, but some trail pinstriping is still possible. Springtime also brings a higher chance of rain which can rapidly increase the difficulty of these trails, but our trail guides have many years' experience who will work to provide both maximum safety and enjoyment.

This area is rich in history and natural beauty, and we cannot wait to share it with you. But please don't try to get on the trails outside of official events; we love our trail system and want to maintain access to it.

TRAIL DESCRIPTIONS COMING SOON

Rated 2–8

Trail descriptions, groupings, and ratings are being developed and will be updated before the Jamboree.

REQUIRED

Missing any of these means you are turned away at registration, without a refund.

- Tow points: frame-mounted tow hooks with grade 6 or 8 bolts, draw bars and receiver hitches, or aftermarket bumpers with a manufacturer-installed clevis or D-ring.
- A working GMRS-compatible radio. Guides call out upcoming obstacles, plus local history and wildlife.
- A full-size spare tire.
- Seat belts for all occupants, worn on the trail.
- Street legal, registered and insured, with a license plate.
- STRICTLY ENFORCED Tires no larger than 40". Suspension lift no more than 6". No exceptions.
- Roll bars on all open-topped vehicles, including CJs, Scramblers and Willys.
- A rated tree saver and soft shackle if you run a winch.
- No buggy-style Jeeps and no snowplow frames.

PACK LIST

Bring these with you — for registration, and for the trail.

- Signed waiver for every occupant; a parent or legal guardian signs for passengers under 18.
- Photo ID for the driver of record — the name must match the registration.
- Name badge, worn all weekend. It is your admission to trails and meals.
- Basic tool kit, first aid kit, tire gauge, rain jacket, clothing for all conditions.
- An ice chest of non-alcoholic drinks. Stay hydrated.
- Trail snacks and a chair or blanket for the lunch stop.
- Insect repellent, sun block, medications, hand sanitizer, flashlight, camera, binoculars.
- Toilet paper and zip-lock bags for tissue disposal.

Recommended: a tow strap with looped ends (metal hooks are not allowed), a fire extinguisher and first aid kit. Consider removing running boards and steps for higher-rated trails. Questions about your Jeep? Contact your Adventure Consultant before the event.

KNOW BEFORE YOU GO

- Registrations, and adding, deleting or changing passengers, close 14 days before the event.
- Check a 10-day forecast for every location listed here; conditions differ sharply between them.
- Drones require permission from your trail guides, and many landowners and agencies prohibit them outright.
- Alcohol and non-prescription drugs on the trail mean immediate expulsion without a refund.
- Pets are strongly discouraged; a pet waiver is required at registration.
- Trail access may be granted to guided Jamboree groups only — returning on your own violates our land use agreements.

TRAIL RATING SYSTEM

1–2

Relatively easy terrain. In optimum conditions some trails may not require continual use of 4WD.

3–5

Moderately demanding; a challenge for novice drivers. Mud holes, boulders, streams. Requires 4-LO.

6–7

Demanding at most skill levels. Deeper mud, larger boulders, steeper climbs. Requires 4-LO.

8–9

Very demanding. Getting stuck is likely and rock climbing is arduous. Lifts and lockers help.

Ratings describe the overall trail, not one or two tough spots. Rain, even from days prior, can raise a rating one or two points, especially on street tires. All vehicles are subject to a check before trail departure, and higher-rated trails are more likely to result in vehicle damage. When in doubt, ask a guide.
