POLICIES & REMINDERS FOR ALL 2025 JEEP JAMBOREES

EVENT WAIVER

A fully completed and signed [Release of Liability Waiver](#) is required for all occupants of your Jeep and must be brought with you to on-site registration. A parent or the minor's legal guardian must sign and date a waiver for passengers under 18 years old. Your properly completed [Release of Liability Waiver](#), is required before you may receive your event credentials.

NEW ON-SITE REGISTRATIONS & CHANGES ARE NOT ACCEPTED

All new registrations of vehicles as well as adding, deleting, or changing passengers must be completed (14) fourteen days prior to the Jamboree date. Please refer to the refund and transfer policy on the last page of this itinerary.

MAXIMUM TIRE SIZE

Participant Jeep tire size is not to exceed 40". If you exceed the tire limitations you will be turned away at registration, will not be allowed to attend, and will not receive a refund.

VEHICLE MODIFICATIONS

- Seat belts are required in all vehicles for all occupants.
- Maximum suspension lift allowed is 6".
- Your Jeep must be street legal, registered and insured.
- Buggy-style Jeeps are not allowed.

If you have questions regarding the acceptability of your vehicle, please contact your Adventure Consultant. If you do not meet the above conditions, you will be turned away at registration, will not be allowed to attend, and will not receive a refund. Admission of highly modified Jeeps without prior approval is subject to the discretion of the Jeep Jamboree Event Staff.

GMRS-COMPATIBLE RADIOS ARE REQUIRED

A working GMRS-compatible radio is mandatory for all Jeep Jamboree events. Please see the last page of this itinerary or visit <https://link.jeepjam.com/radios> for more information.

DRONE POLICY

Many of the land owners, federal and local agencies, etc. prohibit the use of drones. Most drones require you to have a Part 107 license if you are flying over people or publish videos. Many times our stops are for bathroom breaks which are inappropriate times for drone flights. If you may legally fly your drone, permission is still required from the guides on your trail and you must not cause any delays or disruptions as determined by the guides or staff. You are responsible for any damage, fines, penalties, and/or legal action incurred in the operation of your drone.

KNOW BEFORE YOU GO

The Jeep Jamboree USA Off-Road Driving Tips booklet is the ultimate guide to safe, common sense off-road driving. View the guide at <https://link.jeepjam.com/drivingtips>

FOLLOW THE FLOW

When you arrive at a Jeep Jamboree, you must complete these steps in this order:

Vehicle Evaluation → Registration → Trail Sign-Up

You will not be permitted to sign-up for trails until you have completed Vehicle Evaluation and Registration.

PHOTO ID REQUIRED AT REGISTRATION

The driver of record is required to show a photo ID when presenting your waiver and picking up your registration packet. The names on the ID and registration must match or you will be turned away without a refund.

NAME BADGE

Each person must wear their name badge throughout the entire Jamboree. A name badge is required for meals and must be presented whenever requested by a guide or staff member.

TRAIL STICKERS

Trail stickers provided at trail sign-ups must be displayed on your windshield prior to departing for any off-road trail ride.

TRAIL CONDITIONS

Trail conditions can vary widely between trails and even on the same trail on different days. Factors such as weather, other Jeepers, and the line you choose all have an effect on the trail and how your Jeep will traverse it. Rainfall, even from days prior, may increase trail ratings 1 or 2 points. When in doubt, ask a Jeep Jamboree Trail Guide for guidance. Please note that Federal, Tribal and Private landowners may limit the amount of brush we are able to trim back on a trail.

WEATHER CONDITIONS

Weather conditions can be dynamic at a Jeep Jamboree. We recommend you look at a 10-day forecast of weather conditions. Be sure to check the weather for all areas listed in the itinerary as different locations may have very different temperatures.

NEW FOR 2025 – SAFETY EQUIPMENT

A fire extinguisher and first aid kit are highly recommended.

NEW FOR 2025 – REQUIREMENTS FOR WINCH OWNERS

Winch owners are required to have an appropriately rated tree saver and soft shackle in your Jeep.

TRAIL DESCRIPTIONS (Page 1 of 2)

Over the past 20 years we have groomed multiple trails that offer medium to difficult challenges. Each trail is unique and is updated every year, improving the "FUN" value in Jeeping. The multiple hills and valleys offer long and sometimes steep hill climbs, rock crawling, amazing scenic overlooks and mud splashing. Each trail has different core challenges while still incorporating some of the other styles of Jeeping we all enjoy. The trails at the Penn's Woods Jeep Jamboree are all on private land.

On each trail you will see first hand the forest growth cycle as you travel through new growth to present day harvesting. New and old oil and gas production wells can also be found throughout this resource rich area. Be ready to have some great days enjoying the trails, scenery and abundant wildlife, the very best that Pennsylvania has to offer.

P, G & D Express (Black) • Rated 2–3 • GMRS Channel TBD

The all-new P, G & D EXPRESS trail will visit the Kinzua bridge and the oil and the gas museum. Both days will be filled with scenic overlooks and trails not open to the public. Along the way you will hear about the timber and oil and gas industry history of the area. You will get to visit a Marcellus shell well. Also, you will drive through many stages of the regenerative timber industry. Come along for a very scenic and informative look at the area.

White Lightning (White) • Rated 3–4 • GMRS Channel 22

White Lightning offers a variety of Jeeping experiences. If you are new to Jeeping, White Lightning will test the capabilities of your Jeep and teach off road skills. If you are an experienced Jeoper, White Lightning will improve your off-road skills and offer a relaxing day on the trail where you will have the opportunity to explore wilderness areas that most people will never have the opportunity to travel. On the White Lightning trail, you will traverse through maple, black cherry and pine forests. You'll also have the chance to experience mud, rocks, water holes, tight woods, and hills. Test your driving skills on obstacles like Squeeze Play and Jeep Chick Rocks. At the end of the day, you will be glad that you purchased a Jeep and that you selected the White Lightning trail.

Explorer's Ransom (Green) • Rated 4 • GMRS Channel 21

This trail offers all sorts of challenges for the beginner and moderate Jeoper alike. Guests will spend their day riding through a portion of Pennsylvania's historic oil fields, which helped fuel both WW1 and WW2. Much of this trail is still an active timber harvesting area offering constant changes to our obstacles as well as a chance to learn about forest management. After traversing "5 spot hill", and conquering the "rock pile", Jeepers will navigate their way up the power line trail, ending the day on the "mini-Rubicon." After a day on the Green trail, participants will gain confidence, and a thirst for more. Almost all the toughest challenges offer good photo opportunities as well as bypasses if desired.

Tidewater Turn (Brown) • Rated 5 • GMRS Channel 20

Tidewater Turn is the newest trail at the Penn's Woods Jeep Jamboree. Release your pioneer spirit while exercising your Jeep and driving skills. Witness the impact natural resources has on the region where the forest is found at various stages of growth, and the legacy of the Tidewater Oil Company. You will traverse Sachs Avenue. Though straight as an arrow, it provides many turns, varied terrain, and plenty of challenges for the driver and Jeep. The trail is rocky and juicy throughout with evidence of the oil industry that fueled the Industrial Revolution. The trip down the fire road parallels the railroad into the Rock Quarry. Climb the hill into the graveyard if you dare where you will be reminded of the Tidewater Disaster of September 17, 1943, during the WW II.

Hopefully at the end of the day, the new experience of Tidewater Turns will bring you back for another turn at the trail.

TRAIL DESCRIPTIONS (Page 2 of 2)

Old Scout Trail (Orange) • Rated 5–6 • GMRS Channel 19

This trail begins at the old Boy Scout camp on Bordell Road that runs thru Bordell Valley. It's a fifteen-hundred-foot climb to the top of the mountain where our trails are located. The trails are old and new logging trails with drainage ditches, thank you ma'ams, rocky areas, small mud holes. Some slick sections and steep up and down hill areas.

We have an uphill challenge called "Stoney Creek" that leads to a grown-up logging area with additional elevation changes.

We have a Rock Garden that is always changing because the rocks are still growing, there is a bypass if needed.

"Em's Rock" is a long section with average sized rocks and transitions, light mud and opportunities to test your abilities. It also takes us past some scenic boulders. Our routes and direction can change due to weather conditions. On our way out we stop at a gravel pit in the area called the "Brownsea" for a group photo shoot.

Rocky Top (Gray) • Rated 6 • GMRS Channel 17

In the 1880 time period, Kinzua Junction was a small town located at the intersection of the Bradford, Bordell & Kinzua Railroad (BB&K). The railroad served the timber and oil industries boom of that era. Today, we have the privilege to "wheel" through this historic area thanks to the courtesy of the Minard Run Oil Company and Forest Investment Associates. This trail features rock from the get-go "Setting the Stage" for many formidable obstacles throughout the day. You will have to "Suck It In" as we guide the "Weaving Wranglers" through tight twists and turns and remarkable rock formations. The enchanting "Skid Plate Palace" will leave you with tales to tell of your day's adventure. (33" tires and a moderate lift are required. Lockers and a winch are highly recommended.)

Apache Pass (Yellow) • Rated 6 • GMRS Channel 16

Come join us for a day of adventure as you traverse obstacles like Stagecoach, Ambush Rocks, Swamp Foot, Stumbling Block, Claw Hammer, and Apache Pass is a must see! These obstacles will keep you on the edge of your seat as you claw your way through the mountainside. You will enjoy beautiful scenery and the camaraderie of fellow jeepers. A winch certainly can get used on this trail. 35-inch tires are a must, and at least one locker.

Leaky Hot Tub (Pink) • Rated 7 • GMRS Channel 15

After a scenic ride to the trailhead, you will arrive at the "Gate Keeper" where your jeep will get its morning stretches in. A short jaunt past the "shade tree" and you'll be at "Gwen's Rocks". This is an area where you can watch your fellow jeepers challenge themselves while taking photos. Then you'll head to the "pucker snatch" where you'll want to choose your line wisely. You'll then approach the "Kellogg Crack" before taking the "scenic loop", A tight technical trail with some slick rocks and a great view. You'll end your day maneuvering the rocks on "Gumdrop Mountain". The weather might determine our pace but if you like to challenge yourself and Technical rocks are your thing, this is the trail for you. A winch, aggressive tires and a moderate lift are required. Lockers are also recommended for maximum fun!!

Bordell Gulch (Red) • Rated 7 • GMRS Channel 20

Now here is a trail for the ambitious and seasoned Jeep. This challenging trail is situated on a section of the Elk Lick Boy Scout Reserve that has over 500 feet of vertical elevation hill climb. Throughout the course of the day, you will be challenged by sections of trail like "Triple Play", "The Crevasse", and have all your senses about you when we enter "THE BEAR'S DEN." Your required rear lockers, suspension lift and 35" aggressive tires will be needed to conquer the day's worth of technically challenging rocky trail. Give the Jeep eating mud section a try....if you dare!

TRAIL RATING SYSTEM

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the overall trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to vehicle check prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

- | | |
|---|---|
| <p>1-2 Obstacles and terrain are relatively easy to navigate. In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).</p> <p>3-5 Moderately demanding. Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.</p> <p>6-7 Demanding. Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.</p> <p>8-9 Very demanding. Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.</p> | <p>10 Extremely demanding. Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail.</p> <p>Requires 4WD with 4-LO, front and rear lockers, skid plates, rock rails and an aftermarket rear differential cover.</p> <p>Rubicon Trail Jeep Jamboree is limited to TJ, JK, JL and JT models only without prior approval. Jeep Renegade, Patriot, Compass, Liberty, Cherokee, Grand Cherokee, Commanders, and Wagoneers are not allowed.</p> |
|---|---|

During registration you will have the opportunity to discuss the trails, your driving experience, and Jeep capabilities with the trail guides. The guides will work with you to select appropriate trails. Rain may increase trail ratings 1 or 2 points, especially with street tires.

PLEASE TREAD LIGHTLY!

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas which are closed to all other vehicular access during the year.

Please be aware that access to these trail areas is allowed only by guided Jeep Jamboree USA groups during the scheduled Jeep Jamboree trail rides. Individual Jamboree guests returning later to drive in these areas on their own do so in violation of Jeep Jamboree USA's land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund.

Thank you for your cooperation in assuring Jamboree access to some of America's most spectacular backcountry.

WHAT ARE THE REQUIREMENTS FOR MY JEEP?

- **Tow points are *MANDATORY!*** Tow points may include:
 - Tow hooks properly mounted to the frame with grade six or grade eight bolts according to official Mopar installation procedures.
 - Draw bars and receiver hitches
 - Aftermarket bumpers with manufacturer installed clevis or D-ring anchor.*If you do not have tow points, you may be turned away at registration without a refund.*
- **A GMRS radio is *REQUIRED!*** There are many safety issues regarding upcoming obstacles transmitted over the radio by your trail guides. You will also learn interesting facts about the area - history, local plant and wildlife, as well as exciting stories.
- Your Jeep must be street legal including a license plate and proof of insurance.

- Participant Jeep tire size shall not exceed 40". If your tires exceed 40 inches, you will be turned away at registration, will not be allowed to attend the Jamboree, or receive a refund!
- Seat belts are required in all vehicles for all occupants.
- Snowplow frames are not allowed.
- We recommend removing running boards and steps (both factory and aftermarket) if you are planning to participate in higher rated trails.
- All open-topped vehicles, including older models (CJs, Scramblers and Willy's), are required to have roll bars.
- A tow strap with looped ends is recommended. **Straps with metal hooks are not allowed.**
- A full-size spare tire is mandatory!

FREQUENTLY ASKED QUESTIONS

ARE JEEP JAMBOREES SAFE?

Our trail guides are trained to put your safety first. If they ask you to refrain from any activity or to avoid specific trails or areas, you must follow their directions. Jeep Jamboree USA does not authorize or promote any night runs. You must wear your seat and shoulder belts. If a Trail Guide asks you to wear your seat belt and you do not comply, you will be removed from the Jeep Jamboree without a refund and banned from Jeep Jamborees.

WILL MY JEEP BE GOING THROUGH WATER?

Some Jamborees may have water crossings and mud holes. Many of these crossings and holes offer a bypass. It is very important to watch and listen to your trail guide. When driving in deep water, **go very slowly!** If your engine gets wet and stalls, **do not** try to start it as you may cause serious engine damage. For additional tips on water crossings and many other off-road situations, please refer to your copy of *Jeep Jamboree USA Off-Road Driving Tips*, available at <https://link.jeeppjam.com/drivingtips>

YOU MUST WEAR YOUR NAME BADGE

When you register on-site, you will be given one name badge per participant. Please wear your name badge while at the event as it is verification of your registration, your admission to the trails and meals, and helps everyone get to know each other.

GET CONNECTED WITH OUR FACEBOOK GROUPS

Join one or more of the Jeep Jamboree discussion groups on Facebook. Ask questions, share information and photos before, during and after your great adventure.

WHAT SHOULD I BRING?

- A basic tool kit, first aid kit, tire gauge, rain jacket, and clothing for all weather conditions are highly recommended.
- An ice chest full of your favorite non-alcoholic beverages. It is important to stay hydrated!
- A full tank of gas prior to General Attendance Meeting as you will not have time to fuel up after the meeting.
- Trail snacks and a chair/blanket for the lunch stop.
- Insect repellent, Sun Block, Medications, Hand Sanitizer, Flashlight, Camera, Binoculars
- Toilet paper and Zip-lock bags for tissue disposal

MAY I BRING MY PET?

Bringing pets is strongly discouraged. If your pet must attend, you must submit a pet waiver during registration.

WHAT IS THE POLICY ON ALCOHOL, DRUGS, ETC.?

No occupants of the vehicle will possess or consume alcohol, non-prescription drugs, or be under the influence of any substance while on the trails. Doing so means immediate expulsion without a refund and those involved will be banned from all future Jeep Jamborees.

COULD MY VEHICLE BE DAMAGED ON A JAMBOREE?

Every effort is made by Jeep Jamboree USA to make the trails as safe as possible. You are advised to closely follow instructions given by Jeep Jamboree Trail Guides. Jamborees with higher difficulty ratings are more likely to encounter rough and challenging terrain that may contribute to vehicular damage. Any damage is the owner's responsibility.

GMRS RADIO, CHANNEL, AND FREQUENCY INFO

IF YOU DON'T HAVE A GMRS RADIO YET

Your easiest and best option is to purchase one of the recommended Midland radios. These quality radios are easy to use and are available at <https://link.jeepjam.com/radios> and at Jeep Jamborees.

RADIO DIFFERENCES AND FREQUENCIES

In late 2017, the FCC set standards for FRS/GMRS channel numbers and frequencies. Any FCC approved radio manufactured after October of 2017 will match the channels in the chart and work for your Jeep Jamboree.

FREQUENCIES AND POWER

FRS and GMRS use the same channels/frequencies. FRS runs at lower power while GMRS runs at higher power.

LICENSING

Operating a GMRS radio requires a valid license. Any radio using the shared FRS/GMRS frequencies that is able to transmit above 2 Watts of power is considered a GMRS radio and requires a license.

WHY GMRS OVER FRS OR CB?

With FRS handhelds you may hear others on the trail, but they may not hear you. GMRS has more power, meaning you can transmit farther. GMRS offers more reliability, usability, and quality over a CB radio.

| Frequency | FRS/GMRS Channel | FRS Power | FRS Bandwidth | GMRS Power | GMRS Bandwidth |
|---|------------------|-----------|---------------|------------|----------------|
| 462.5625 MHz | 1 | 2 W | 12.5 kHz | 5 W | 20 kHz |
| 462.5875 MHz | 2 | 2 W | 12.5 kHz | 5 W | 20 kHz |

TRANSFERS, REFUNDS, CANCELLATIONS, AND ADDING PASSENGERS

OUR TRANSFER POLICY

A transfer allows the **original purchaser** to transfer their registration from one trip to another, dependent on availability, at no charge.

- Transfers must take place in the same calendar year and at least 14 days prior to the event.
- ***Transfer or sale of your registration to another person is prohibited and will result in a cancellation without a refund.***
- If you are unable to attend, you should cancel your registration. Your spot will be released to those on the waiting list. ***You may not transfer your registration to a third party.***

OUR REFUND POLICY

We understand things come up. As we approach our events, we incur expenses we cannot recover. As such, the following refund policy applies to all Jeep Jamborees:

- **30 days or more before your Jeep Jamboree**
 - \$125 cancellation fee for Classic Jamborees
 - \$100 cancellation fee for Select Jamborees
 - \$350 cancellation fee for domestic Signature, Adventure, and Expedition Jamborees
- **29 days to 15 days** – 50% of your total will be refunded
- **14 days to trip date** – No refund

HOW DO I CANCEL MY REGISTRATION?

Canceling your registration is quick and easy via your online account at <https://jeepjamboreeusa.com/my-account/>. Sign-in with the email address you used to register and then cancel the trip you are unable to attend. You may also email the registration team at registration@jeepjam.com. This method is typically slower than the online method.

WHAT IF A SPECIFIC JEEP JAMBOREE IS CANCELED?

Though rare, from time to time, a Jeep Jamboree may have to be canceled. For **most** of our events, you will be given the option to receive a full refund or transfer to another event that has openings. For **some** Jeep Jamborees, we may deduct up to a 15% fee from your refund to offset unrecoverable expenses.

HOW DO I ADD OR CHANGE PASSENGERS?

Adding or changing passengers is easy via your online account at <https://jeepjamboreeusa.com/my-account/>. Sign-in with the email address you used to register and make the changes you desire. You may also email the registration team at registration@jeepjam.com. This method is slower than the online method. All changes must be made 14 days prior to your trip.

DUE TO UNFORESEEN CIRCUMSTANCES ALL TRIPS, EVENTS, AND TRAILS ARE SUBJECT TO CHANGE OR CANCELLATION WITHOUT ADVANCE NOTICE.
