STEP 01
VEHICLE EVALUATION
Line-up opens 4:00 p.m.

STEP 02
REGISTRATION
Photo ID and signed waiver

STEP 03
TRAIL SIGN-UP
First come, first served

Evaluation and registration are mandatory before sign-up. Trails fill first come, first served — your guides will match you to a trail based on your Jeep and your comfort level. Registration may open early to suit local conditions; there is no late registration Friday morning. Bring your signed waiver: link.jeepjam.com/waiver — and don't worry, there are extras at the event if needed.

THURSDAY MAR 4

1:00 p.m.	Optional free off-road basics class with Coordinator Chad Chaney, until 3:00 p.m.
4:00 p.m.	Line-up opens for vehicle evaluation. Vehicles arriving earlier will not be allowed into the line-up area.
5:00 p.m.	Vehicle evaluation, registration and trail sign-ups at Bumble Bee Ranch, until 7:00 p.m. No late registration Friday. Be sure to fill your tank for tomorrow!

FRIDAY MAR 5

8:00 a.m.	Mandatory General Attendance meeting at Bumble Bee Ranch or the Hampton Inn, as assigned at sign-ups. Pack a lunch!
8:30 a.m.	Trail ride until 5:00 p.m., with lunch along the trail around noon.
6:00 p.m.	Dinner at Bumble Bee Ranch, until 8:00 p.m. Be sure to fill your tank for tomorrow!

SATURDAY MAR 6

8:00 a.m.	Mandatory General Attendance meeting at Bumble Bee Ranch or the Hampton Inn, as assigned. Pack a lunch!
8:30 a.m.	Trail ride until 5:00 p.m., with lunch along the trail around noon.
6:00 p.m.	Dinner at Bumble Bee Ranch, until 8:00 p.m., followed by awards and prize drawings.

A MESSAGE FROM YOUR TABLE MESA COORDINATOR

Jeep season is upon us and we are looking forward to another great Jamboree experience at the Table Mesa Recreational Area. This area has a lot to offer the off-road enthusiast with over 55 miles of trails encompassing almost 1500 acres. Rocks, scenic vistas, shelf roads, water crossings, and more will be a part of your off-road adventure weekend. These trails are constantly changing and the Table Mesa team of guides work hard to offer you the most up to date trail status information.

You will experience undercarriage scraping and there is always the possibility for tire and body damage. The risk of damage increases as the trail difficulty increases. As a general rule, Jeeps with at least 2.5 inches of lift and 35" tires will handle our trails better. These trails can be challenging for a stock Cherokee, Grand Cherokee, Renegade, Liberty, or Compass.

Trail difficulty ratings change frequently so be prepared. We are very protective of our OHV areas here in Arizona. We ask that you Tread Lightly and respect open access. We have put together a great collection of trails for the Table Mesa Jeep Jamboree and we hope you enjoy yourself.

NEW TO OFF-ROADING? Coordinator Chad Chaney offers a free class Thursday, 1:00 – 3:00 p.m., before registration at Bumble Bee Ranch, covering the basics to kick off your time on the trail.

THE TRAILS

HIEROGLYPHIC LOOP

3–4

An incredibly scenic 22-mile loop in the Boulders OHV area with a couple of nice rock crawling obstacles. Steep, narrow ascents with pucker turns and descents — often called a slow-moving roller coaster, and not the trail for a fear of heights. Pinstripes likely. 4-low needed for climbs and descents; a rear locker or traction aid helps.

BLACK CANYON OHV TRAIL

3–4

A secluded trail added in 2021, with a stop at the Indian Fort and an overlook of Black Canyon City near the end. A mild rock garden challenges new drivers and lightly modified Jeeps. The descent out of the mountains gets slow and 4-low will help; a rear traction aid makes some sections easier.

PECK MINE ROAD

3–4

A tour through the southern Bradshaw Mountains, climbing past the Swastika Mine (no stopping on mine property) to the Senator Highway and smooth sailing into Crown King. Narrow shelf road in parts and a surprise rock garden about two-thirds of the way whose difficulty varies with winter precipitation — it can rate 4-5. Pinstripes possible. A rear traction aid helps in the rock garden.

NEW RIVER TRAIL

4–5

Shelf roads, inclines and declines with great Sonoran Desert views and a good mix of challenges and breaks. Rock gardens (one with a bypass) and, if conditions are right, several shallow creek crossings. Starts 9.3 miles out East Table Mesa Rd., passes near Seven Springs, returns via Bloody Basin Rd. Narrow and washed-out in places; pinstripes possible. 4-low needed; rear locker or traction aid very helpful.

CRAPSHOOT

4–5

A long, narrow, steep climb, a sharp blind right-hand downhill turn, a long loose descent, then an abrupt shelf step into a tight rock garden. Probably not for a fear of heights. 4-low, a rear traction aid and rock sliders required, and your skid plates will get a workout. Practice Hill Descent Control beforehand. Great scenery — watch for wild burros.

TURKEY CREEK

3–5

Down into Turkey Creek, rich in mining history. Mildly challenging, with one locally known obstacle: a left turn with a blind edge on the right and an intimidating drop into the creek. Off-camber, steep and narrow, with a pair of crested saguaros two-thirds of the way. Ends in Cleator — the Cleator Bar is a nice stop. Rear traction aid and rock sliders required. More challenging when wet.

THE BACKWAY TO CROWN KING

FRIDAY ONLY

4–7

A long, ever-changing climb from near Lake Pleasant through the Bradshaw Mountains and Prescott National Forest to Crown King — a Jeep Badge of Honor trail, run in snow in past years. Water crossings, steep climbs, narrow shelf roads and technical rock crawling, with several optional obstacles. Delays are possible; be patient. Not suitable for stock 4x4s: rear locker, 2.5-inch lift and rock sliders required; a front locker helps. Offered Friday only, first come first served.

DESOTO MINE TRAIL

3–7

Old mining backroads in the Bradshaw Mountains — narrow, steep and rough with awesome views. A remote trail with intimidating obstacles, very steep ascents and descents, and off-camber sections; few bypasses and fewer places to turn around. Not for novice drivers; rollovers and mechanical failures are possible, and walking parts of the trail can be difficult. Rear traction aid or locker and recovery gear required.

TABLE MESA TRIFECTA

HARDEST

6–9

The area's most popular rock crawling trails. Starts on Upper and Lower Terminator along a rocky creek bottom; the first major obstacle often requires winching, and the “Z” turn is a wheel-stand photo op. Ends on Predator. Bypasses thin out and obstacles tighten as you go — careful spotting required, and rollovers, body damage, broken glass and mechanical failures are possible. Delays are likely; scouting an obstacle on foot is encouraged. 35-inch tires minimum, skid plates, rock sliders, front and rear lockers required; keep recovery gear accessible.

BEFORE YOU GO

REQUIRED

Missing any of these means you are turned away at registration, without a refund.

- THIS EVENT At least 33" tires, or a Jeep Wrangler Rubicon or Jeep Gladiator Rubicon model
- Tow points: frame-mounted tow hooks with grade 6 or 8 bolts, draw bars and receiver hitches, or aftermarket bumpers with a manufacturer-installed clevis or D-ring.
- A working GMRS-compatible radio. Guides call out upcoming obstacles, plus local history and wildlife.
- A full-size spare tire.
- Seat belts for all occupants, worn on the trail.
- Street legal, registered and insured, with a license plate.
- STRICTLY ENFORCED Tires no larger than 40". Suspension lift no more than 6". No exceptions.
- Roll bars on all open-topped vehicles, including CJs, Scramblers and Willys.
- A rated tree saver and soft shackle if you run a winch.
- No buggy-style Jeeps and no snowplow frames.

PACK LIST

Bring these with you — for registration, and for the trail.

- Signed waiver for every occupant; a parent or legal guardian signs for passengers under 18.
- Photo ID for the driver of record — the name must match the registration.
- Name badge, worn all weekend. It is your admission to trails and meals.
- Basic tool kit, first aid kit, tire gauge, rain jacket, clothing for all conditions.
- An ice chest of non-alcoholic drinks. Stay hydrated.
- Trail snacks and a chair or blanket for the lunch stop.
- Insect repellent, sun block, medications, hand sanitizer, flashlight, camera, binoculars.
- Toilet paper and zip-lock bags for tissue disposal.

Recommended: a tow strap with looped ends (metal hooks are not allowed), a fire extinguisher and first aid kit. Consider removing running boards and steps for higher-rated trails. Questions about your Jeep? Contact your Adventure Consultant before the event.

KNOW BEFORE YOU GO

- Registrations, and adding, deleting or changing passengers, close 14 days before the event.
- Check a 10-day forecast for every location listed here; conditions differ sharply between them.
- Drones require permission from your trail guides, and many landowners and agencies prohibit them outright.
- Alcohol and non-prescription drugs on the trail mean immediate expulsion without a refund.
- Pets are strongly discouraged; a pet waiver is required at registration.
- Trail access may be granted to guided Jamboree groups only — returning on your own violates our land use agreements.

TRAIL RATING SYSTEM

1–2

Relatively easy terrain. In optimum conditions some trails may not require continual use of 4WD.

3–5

Moderately demanding; a challenge for novice drivers. Mud holes, boulders, streams. Requires 4-LO.

6–7

Demanding at most skill levels. Deeper mud, larger boulders, steeper climbs. Requires 4-LO.

8–9

Very demanding. Getting stuck is likely and rock climbing is arduous. Lifts and lockers help.

Ratings describe the overall trail, not one or two tough spots. Rain, even from days prior, can raise a rating one or two points, especially on street tires. All vehicles are subject to a check before trail departure, and higher-rated trails are more likely to result in vehicle damage. When in doubt, ask a guide.
