A MESSAGE FROM YOUR COORDINATOR

Thank you for choosing to attend the Top of the Ozarks Jeep Jamboree. We are looking forward to being your guides along the trails in the hills of the Ozark mountains. Whether this is your first Jeep Jamboree or you are a seasoned Jamboree-er, there will be trails that match your experience level. Our goal is to have a safe weekend, promote the sport of Jeeping and have fun with new friends that share a common passion.

During check in, you will have a chance to meet the trail guides, ask them questions about the trails and receive help evaluating the best fit for you and your Jeep. Our guides are a fun group; they have many years experience working together as trail leaders and will see that everyone has a good time. Among the Many trails at SMORR, you will have the opportunity to earn two Badge of Honor plaques. Be sure to visit <http://www.jeep.com/en/mobile-apps/badge-of-honor/> to learn more about this and download the app.

Camping has always been a part of the Jeeping experience. The campgrounds at SMORR are beautiful. Pitch your tent in a grassy site in the shade or park your camper in a pull-thru RV site, 30 or 50 amp electrical hook-ups are available. The bathhouse is clean and air-conditioned. A warm shower is nice after a day on the trail. Call Brandon Powell, 417-773-4084 for a reservation.

Like all Jeep Jamborees, the Top of the Ozarks Jamaboree is family friendly. There is a playground for the kids and lots of grass for them to play on. Join around the campfire in the evening. Many a new friend has been made around our campfire.

Hotels are available in Seymour, America's Best Value Inn or you may secure lodging in Ava or Springfield. There are two very nice cabins at SMORR, make your reservation early. We hope to see you there.

TRAIL DESCRIPTIONS - The following is a sample of some of the many trails at the Top of the Ozarks Jeep Jamboree. The difficulty ratings can change due to the trail usage and weather. Your trail guides can help you choose the group that fits you and your Jeep the best.

Cavern Creek – Rated 2

Overhanging trees, gravel bar and slick rock. This wet ride in the creek has lots of fun around every corner. Whether new to Jeeping or you have lots of trail miles, this is one of the most fun trails.

Eastwood Drive / Lost Bridge – Rated 2

Wind along through the trees past several trail heads to Lost Bridge. Back in the woods, you will discover a hand made log bridge that takes you across a spillway of a long forgotten pond. This trail overlooks Rocker

Knocker trail. If you are lucky, you will see fellow Jeepers below.

Armadillo Pass / Desperado - Rated 3-4

After a long uphill section and a muddy crossing, this trail takes you to the most remote area of the park. From the gathering place at the hilltop, you will circle around the back side and down the wooded hillside. Watch for the unique corner fence post as you travel back up top. On the way out, be sure to catch the sign post for Desperado Loop.

Cliff Creek / Keller Circle - Rated 2-3

Run the twisty tree lined gravel bar of Cliff Creek back to Keller Circle. Pass through heavy under brush, which opens into tall trees and along a rock bluff. The very end is a good place to take a break and relax before heading back along Brixey Road. Enjoyable yet challenging trail.

Jeep Badge of Honor

Pee Wee Crossing - Rated 3-4

Trail starts near the campground and wanders down into the valley. Mostly gravel and rock, you will encounter several rock ledges and outcroppings. About half way, you will start to find water running down stream. This begins the most scenic section. You will run next to mossy rock walls and into larger pools of water. Time it right and you will see Dogwood trees in bloom. This trail is Ozark Mountain Country at its finest.

Jeep Badge of Honor

Guard Rail Trail - Rated 4-5

Excitement starts early with a long steep downhill descent to the creek below. The trail makes several water crossings as the line of Jeeps zigzag up stream. Bring your camera; there are a lot of photo opps. At last, you will reach the section for which the trail was named, Guard Rail; a long rocky uphill climb. There is a bypass but most Jeeps will not need it. This is a beautiful trail with just the right amount of challenge.

Wrangler Ridge – Rated 4-5

Starting from the creek bed, work your way through brush and up a slippery climb to a heavily wooded hill top trail.

Black Mamba - Rated 3 with Obstacle Rated 5-6

The trail runs through heavily wooded hillside with a couple of loose climbs and crosses a wet weather wash. This section can be run without climbing the obstacle, a rocky stair stepped climb that can be seen from Pee Wee crossing. Following the correct line will get you to the top. Lockers front and rear are needed on this obstacle.

Bronco Buster - Rated 6-7

This is rated a 6-7 due to mud if wet; easier when dry and running downhill. This trail is a favorite of most. Slow crawling and flexing through a twisting tight valley.

Log Jam - Rated 7-8

Most Jeeps with larger tires and a rear locker or traction control will have little trouble. A rocky climb up a shallow valley; there are two rock shelves midway up then a short easy climb out on top.

V-Notch - Rated 7-8

A locker is helpful. This trail follows a tight hollow emerging from Bronco Buster up to the V-Notch. Proper tire placement is key; follow spotters instruction. This is a great photo op so have a camera ready. A short climb brings you out on top for staging the next trail.

Rocker Knocker - Rated 7-8 easier if run downhill

As the name describes, rock sliders are recommended; running board or steps are not recommended. The trail is scattered with basket ball sized rocks. Heavy vegetation and canopy make the trail feel like a deep jungle trek. On the lower end, there is a large boulder blocking the path that you must navigate around. The upper end you will exist via a ledge climb or take a bypass.

Rocky Road - Rated 9

Locker, large tires and body armor recommended. Body damage is a possibility. This trail is all about rock crawling. You must climb boulders as large as a Prius. Driver experience and a well equipped Jeep are a must.

TRAIL USAGE AND INFORMATION

WATER CROSSINGS

Some Jamborees may have water crossings and water holes. Many of these crossings and holes offer a bypass, if you decide to "go around". It is very important to watch and listen to your trail guide.. When driving in deep water, GO VERY SLOW! If your engine gets wet and stalls, DO NOT try to start it as you may cause serious engine damage. For additional tips on water crossings, please refer to your copy of "Mark A. Smith's Guide to Safe, Common Sense Off-Road Driving", which is available to be downloaded on our website.

A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas, which are closed to all other vehicular access during the year. Please be aware that access to these trail areas is allowed only by guided JJUSA groups during the scheduled Jeep Jamboree trail rides.

Individual Jamboree guests returning later to drive in these areas on their own do so in violation of JJUSA's land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund. Thank you for your cooperation in assuring Jamboree access to some of America's most spectacular backcountry.

Also, please note that while we trim back as much brush as possible, we are limited by Federal, Tribal and Private landowners to the amount acceptable by each entity.

PLEASE TREAD LIGHTLY!

Travel responsibly on designated roads and trails or in permitted areas.

Respect the rights of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

Educate yourself by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

Avoid sensitive areas such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

Do your part by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

TRAIL RATINGS

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the over trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to vehicle check prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

1-2 Obstacles and terrain are relatively easy to navigate. *In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).*

3-5 Moderately demanding. Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.

6-7 Demanding. Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.

8-9 Very demanding. Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.

10 Extremely demanding. Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail. Requires 4WD with 4-LO, front and rear lockers, skid plates, rock rails and an aftermarket rear differential cover. Rubicon Trail Jeep Jamboree is limited to YJ's, TJ's and JK models only. *Jeep Renegade, Patriot, Compass, Liberty, Cherokee, Grand Cherokee, or Commanders are not allowed.*

During registration participants will have the opportunity to discuss the trails, their driving experience and vehicle capabilities with the trail guides. Guides will work with participants for trail placement.

RAIN MAY INCREASE TRAIL RATINGS 1 OR 2 POINTS, ESPECIALLY WITH STREET TIRES.
