JEEP OFFROAD TOURS 2024

ICELAND • WINTER ODYSSEY

THE SNOW DESERT.

ONE OF THE LAST GREAT ADVENTURES IN MODERN TIMES

An expedition right into the heart of Iceland - the highlands. And in winter. We will not only inspire you with it. It will touch your soul - this trip is epic.

We'll provide the best equipment and the best guides. You won't believe what's possible. We'll have tracks that are as dynamic to ride as the great sand deserts of this planet - only, it's snow.

RIVERS OF ICE.

MOUNTAINS HIGH - FROZEN RIVERS DEEP

We'll be driving through the deepest snow, and we're sure to have a recovery or two.

We will work our way through frozen rivers into the most remote valleys of the highlands - and this extraordinary nature, its beauty and guaranteed solitude will captivate us.

VATNAJÖKULL.

TRUE ADVENTURES TO BE SPOKEN OF

Together we have the goal - depending on the weather conditions - to ski all the glaciers of Iceland. And, yes: that will include the largest glacier in Europe - Vatnajökull.

After this adventure, you won't be wanting to go to the South Pole anymore. Because you'll already have experienced the endless expanse of ice and snow.

YES. THIS IS AURORA BOREA

ALIS.

THE SKY IS BURNING.

DARKNESS AND LIGHT - SNOW AND ICE

Of course, we get to all the important northern sites of the country. Gulfoss or Skógafoss frozen are a dream to be experienced. Walking on iced rivers using crampons is spectacular.

The blue hour and golden hour - plus aurora borealis - make the whole adventure seem almost unreal.

In the evenings, we'll find shelter in good regional accommodations.

THE ICE IS GETTING THIN.

TAKE THIS UNIQUE OPPORTUNITY - A ONCE IN A LIFETIME ADVENTURE

ALL TRAVEL SERVICES AT A GLANCE

- ✓ Provision of helmets if required
- ✓ Provision of crampons
- ✓ Provision of radio equipment and charging station
- ✓ 7 nights accommodation in regional hotels - min. 4 stars standard
- ✓ Provision of modified Jeep Wranglers and Jeep Gladiators for professional use in heavy terrain
- ✓ 7 vehicles for guests, 1 vehicle for JeepJam guides and 1 vehicle for Jeep Ex guides
- ✓ Preparations on site incl. control of deep snow and ice routes
