## TRAIL DESCRIPTIONS

### **Wilson Trail ~ Green ~ Stock to Slightly Modified ~ Rating 1-2 Dry/2-3 Wet**

These trails will take you over terrain created for your enjoyment on the Ross family's "Spring Hill Plantation". Here we have a little bit of everything when it comes to terrain; small hills, swamps, thick forests, planted timber, coulee, river crossings and the option to find lots of mud! Mother Nature spices up the trails with a variety of plants and wildlife; it's not uncommon to see wild turkey and deer. This trail is perfect for stock to slightly modified vehicles as the trails increase in difficulty throughout the day with a trip across the "Sunshine Bridge" and on to "Tony Woods", a veritable Jeep playground! On your way out you'll ride past one of the ponds with a possible glimpse of Joe the alligator in his native environment. He will usually come out to see what all the excitement is about as you leave the trail for the trip back to the hotel and a fantastic dinner.

### **Daniel's Trail ~ Red ~ Stock to Modified ~ Rating 2-3 Dry/4-5 Wet**

The Red trail is designed for the off-road enthusiast looking for a way to hone their off-road driving skills. You will learn the feel of your Jeep and the perimeter of your vehicle as you maneuver through the trees and have a chance to negotiate articulation of bumps, climb over a log pile, crawl up a steep man made hill and experience a little off camber driving. We have included a few creek crossings, a log pole bridge crossing, a drive through the "Grand Canyon" and much, much more.

### **Tunica ~ Blue ~ Modified Rating 4-7 Dry/6-8 Wet**

The Blue trail is the most challenging trail at the Cajun Jamboree. It is a tight turning trail among trees with up and down challenges. You will use all of your skill as an off-road driver as you finesse off-camber hills, climb steep bluffs, dive downhill, and negotiate roller coaster hills while gaining off-road abilities. You will be able to play on wet sandbars as you cross Bayou Sarah but beware of quicksand that can sink your vehicle to the frame! This trail will keep you on your toes all day. In case of rain, some of these areas will be more difficult and will require some winching and strapping. Aggressive tires, lockers, winch, and tow strap are recommended on this trail.

*RAIN MAY INCREASE TRAIL RATINGS 1 OR 2 POINTS*

**Due to unforeseen circumstances all trips, events and trails are subject to change or cancellation without advance notice.**

## **WELCOME TO WEST FELICIANA; AUDUBON'S BELOVED "HAPPYLAND"**

The second oldest incorporated town in Louisiana began as a burial ground. Spanish Capuchin Monks established a church in the 1730s across the Mississippi River in Point Coupee Parish, where raging floodwaters often made burial impossible. Soon, they began crossing the river to the dry highland bluffs to bury their dead. The settlement that straggled up around their graveyard took its name from their order's gentle patron, St. Francis.

Late in the 18th century, the King of Spain issued land grants to Anglo-American settlers, men and women from the eastern seaboard looking for riches and a second chance in Spanish West Florida. By 1785, their number led to the creation of the Distrito de Nueva Feliciana. St. Francisville was dignified by charter and plot plan when it was developed around 1804 by John H. Johnson, whose marking of streets and squares on the narrow loessial (wind blown glacial soil) ridge prompts the description "A town two miles long and two yards wide".

Below the bluffs of St. Francisville, a different sort of town grew. Bayou Sara took its name from the creek that gave flat boaters on the river a safe anchorage in colonial days. Steamboats and King Cotton made it the largest port between New Orleans and Natchez by 1850. Its rowdy richness fell before fire, Civil War, flood, the railroad and the boll weevil.

St. Francisville survives and reflects the growth and character of the surrounding plantation country. An often quoted figure places two thirds of the known American millionaires in the antebellum decade on the plantations of the Great River Road from New Orleans to Natchez. St. Francisville and West Feliciana were home to many of them. A stroll through the town's National Register Historic District of 146 structures awakens a sense of that grand history and also the simpler small town life that came before and after it.

A visit to St. Francisville begins at the Museum of the West Feliciana Historical Society where exhibits interpret local history. Tourist information, brochures and guidebooks are available.

9:00 A.M. - 4:00 P.M. daily except holidays; Sunday 1:00 P.M. - 4:00 P.M. For additional information, please call 225-635-6330

## TRAIL USAGE AND INFORMATION

### WATER CROSSINGS

Some Jamborees may have water crossings and water holes. Many of these crossings and holes offer a bypass if you decide to "go around". It is very important to watch and listen to your trail guide. Please be sure your air intake is disconnected. Your trail guide can help you with this if needed. When driving in deep water, GO VERY SLOW! If your engine gets wet and stalls, DO NOT try to start it as you may cause serious engine damage. After the Jamboree, please be sure to reconnect your air intake. For additional tips on water crossings, please refer to your copy of "Mark A. Smith's Guide to Safe, Common Sense Off-Road Driving".

### A NOTE ON LAND USAGE

Many Jeep Jamboree USA events are held on private lands with the consent of landowners, or on public lands through special use permits. In some cases, Jamboree trail groups are granted access to trail areas, which are closed to all other vehicular access during the year. Please be aware that access to these trail areas is allowed only by guided JJUSA groups during the scheduled Friday and Saturday trail rides. Individual Jamboree guests returning later to drive in these areas on their own do so in violation of JJUSA's land use agreements and endanger future Jamboree usage of these restricted trails as well as being removed from the Jamboree without a refund. Thank you for your cooperation in assuring Jamboree access to some of America's most spectacular backcountry. Also, please note that while we trim back as much brush as possible, we are limited by Federal, Tribal and Private landowners to the amount acceptable by each entity.

### PLEASE TREAD LIGHTLY!

**Travel responsibly** on designated roads and trails or in permitted areas.

**Respect the rights** of others including private property owners and all recreational trail users, campers and others to allow them to enjoy their recreational activities undisturbed.

**Educate yourself** by obtaining travel maps and regulations from public agencies, planning for your trip, taking recreation skills classes, and knowing how to use and operate your equipment safely.

**Avoid sensitive areas** such as meadows, lakeshores, wetlands and streams, unless on designated routes. This protects wildlife habitat and sensitive soils from damage.

**Do your part** by leaving the area better than you found it, properly disposing of waste, minimizing the use of fire, avoiding the spread of invasive species, restoring degraded areas, and joining a local enthusiast organization.

## TRAIL RATING SYSTEM

Every Jamboree trail is rated from 1 (easiest) to 10 (the most difficult). These ratings are based on the overall trail, not just on one or two tough spots. Rain can increase ratings by one or two points. Please remember, all vehicles are subject to vehicle check prior to trail departure. Numerically higher rated Jamborees are more likely to result in vehicular damage.

**1-2 Obstacles and terrain are relatively easy to navigate.** In optimum weather conditions, some trails may not require continual use of four-wheel drive (4WD).

**3-5 Moderately demanding.** Challenge for novice drivers. Obstacles may include: mud holes, boulders, and streams. Requires 4WD with 4-LO.

**6-7 Demanding.** Challenge for most skill levels. Mud holes get deeper, boulders get larger, and climbs get steeper. Requires 4WD with 4-LO.

**8-9 Very demanding.** Likelihood of getting stuck is high. Mud holes may be deep and rock climbing is more arduous. Lifts and lockers are helpful. Requires 4WD with 4-LO.

**10 Extremely demanding.** Reserved for the toughest off-road trip in the U.S.A. – the Rubicon Trail. Requires 4WD with 4-LO (*Not recommended for Jeep Patriot, Compass, Liberty, Cherokee, Grand Cherokee, or Commander.*)

During registration participants will have the opportunity to discuss the trails, their driving experience and vehicle capabilities with the trail guides. Guides will work with participants for trail placement.

**RAIN MAY INCREASE TRAIL RATINGS 1 OR 2 POINTS, ESPECIALLY WITH STREET TIRES.**
